THE WEATHER.

Fair today; rain on Friday night; moderate variable winds, becoming east.

THE MORNING STAR

WILMINGTON

FOUNDED A. D. 1867

A NEW UTILITY.

This is a "new-fashioned town"—and the increasing use of want advertising proves it; for want advertising is the newest-fashioned utility of them all!

VOL. LXXXIX—NO. 149. WILMINGTON, N. C., THURSDAY MORNING, MARCH 14, 1912. WHOLE NUMBER 13,849.

NOW FOR THE FINISH IN Y. M. C. A. CAMPAIGN

Library of Congress

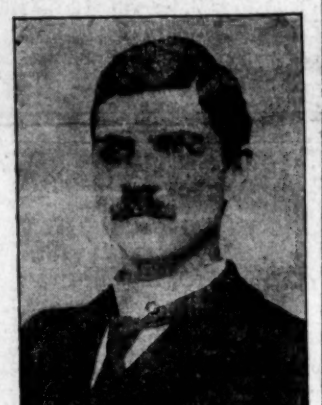
Five Thousand Dollars Yesterday and Greater Effort Pledged For Remaining Three Days—Those Who Had Subscribed Up to Yesterday.

Voicing the sentiment of every man present, as well as every public-spirited citizen of Wilmington, Mr. W. B. Cooper, chairman of the executive committee of the 10-day campaign for $75,000 to erect and equip a new and modern Y. M. C. A. building for Wilmington, declared at the noon luncheon at the Association yesterday, "We Can, We Must, We Will Win." And that this determination is held by all was reflected by the vigorous and prolonged applause that greeted his remark.

Over $5,000 was reported by the captains of the several campaign teams yesterday at noon, bringing the total amount subscribed up to the end of the seventh day up to $45,874. With three more days remaining in the campaign the sum of $29,126 must be raised, or all the subscriptions will be void. Unless the $75,000 is raised by Saturday night, March 16th, all efforts to build the new Y. M. C. A. will be dropped.

Yesterday's noon luncehon was attended by a larger crowd, probably, than any luncheon during the campaign, and the enthusiasm manifested was sincere and heartfelt. It is believed that the attendance at the luncheons will increase each day now until the close of the campaign.

Capt. W. D. MacMillan's team in the citizens' Committee, and Capt. W. A. McGirt's "Honey Workers," in the Business Men's Committee, were the victors yesterday, turning in the largest amounts in subscriptions in their respective committees. Capt. McGirt reported 48 subscriptions amounting to $1,041 and Capt. MacMillan announced that his team had secured nine subscriptions totalling $823. Capt. McGirt retained the banner in the Business Men's Committee and Capt. MacMillan took the pennant in the Citizens' Committee from Capt. Geo. Honnet's team. Capt. MacMillan's team has been in the race for only three days but it has already demonstrated its ability to get results and when the banner was awarded yesterday the applause was deafening. One of the members of Capt. McGirt's team proposed three cheers for Capt. MacMillan and his team and the whole assembly joined heartily in giving them.



MR. W. B. COOPER,
Chairman of Y. M. C. A. Campaign Executive Committee.

Though one of the largest amounts reported any day of the campaign except on one or two occasions when several large individual contributions went to swell the total, yesterday's amount was made up of comparatively small subscriptions. The total number of subscriptions reported yesterday was 212, not one of them was an extraordinary large one. This fact was remarked upon among the members of the different teams, and it tends to show the universal interest that is being taken in the campaign by the public generally in the undertaking that means so much to the future welfare of the young manhood of Wilmington.

Chairman L. W. Moore, of the Business Men's Committee, reported yesterday that St. John's Lodge, No. 1, A. F. & A. M., of this city, the oldest lodge of Masons in the State and the third oldest in the United States, had given a contribution of $100 to the Y. M. C. A. fund through the team of Capt. W. A. McGirt. Mr. Moore said that none realized the worth of the Y. M. C. A., more than did the Masons and their gift, he said, was a practical demonstration of high principles upon which the splendid order is founded. It was also reported that the Ladies Auxiliary of the Y. M. C. A., had given $100 to the fund, $10 of which came from Carrie Singleton, the colored maid at the Association building. In making his report Capt. MacMillan stated that included in the subscriptions secured by his team was the sum of $13, subscribed unsolicited by 11 colored employes in one of the business houses on the wharf.

Capt. J. W. Simpson reported a gift of $50 from Mr. L. F. Swift, president of Swift & Co., of Chicago, who maintain local offices here.

All these announcements were received with much applause by the gathering and Mr. W. M. Cumming arose and stated that the acts of so many colored citizens who had voluntarily subscribed to the fund are deserving of the highest praise and speak well for the class of colored citizenship that Wilmington has.

The following is the tabulated statement of results up to noon yesterday:

Business Men's Committee.

Captains:	No. Subs.	Yesterday's Amount.	Total to Date.
W. A. McGirt	48	$1,041	$5,143
W. R. Dosher	20	517	2,328
J. W. Yates	14	340	1,075
Chas. Dushan	15	197	867
D. H. Howes	17	180	1,753
J. W. Stanly	12	160	2,481
W. W. Koch	3	135	839
B. F. Hopkins	8	126	1,306
E. T. Taylor	5	75	1,170
J. R. Hanby	4	50	1,461
Totals	146	$2,821	$18,623

Citizens' Committee.

Captains:	No. Subs.	Yesterday's Amount.	Total to Date.
W. D. MacMillan	9	$823	$1,418
Geo. Honnet	25	800	4,547
J. T. Flynn	5	225	670
J. W. Simpson	4	200	1,145
W. M. Cumming	6	130	1,500
J. H. Dreher	7	110	745
A. M. Hall	3	55	2,560
J. G. Murphy	2	55	741
Virginius Hall	1	25	1,235
K. W. Price	2	25	590
Totals	64	$2,248	$15,151
Miscellaneous	2	100	12,100
Grand Totals	212	$5,109	$45,874

In comparing the standing of the campaign here with that of other 10-day campaigns with which he has been connected, Mr. M. C. Williams stated yesterday that Wilmington is now just a little behind the average. The general average of the 10-day campaigns at the end of the seventh day, Mr. Williams said, was about 62 per cent of the total, while Wilmington now had about 61 per cent. This, he declared, was most encouraging and he pointed out that the end is in sight. Redoubled efforts on the part of the workers, he said, will bring the total to $75,000 or more by the end of the campaign Saturday night. Mr. Williams stated that several of those connected with the campaign had approached him on the subject and that they appeared just the least discouraged over the outlook. There is no reason whatever, he said, to feel in the least discouraged, for with the spirit manifested by the body of men who are working to raise the amount, it will be impossible to fail.

The long hand on the campaign clock at Front and Princess streets is still a little behind the short hand. It now indicates that $45,874 has been subscribed, while the short hand has ticked on around to a point indicating $48,570. The workers will strive today to bring in a sufficient sum to again place the long hand ahead of the short one.

The three remaining days of the campaign will be marked by the hardest work of the 10 day period and the last day, Saturday, which has been set aside by a proclamation by the mayor of the city as a day for special effort on the part of the citizens generally in behalf of the campaign, will be the whirlwind finish that will bring the victory.

The list of those who had subscribed

(Continued on Page 2.)

YOU MEN WHO WERE COUNTRY BOYS

remember when you first came to the city, how hard it was to stand the nights. Hall bedrooms aren't very cheerful in the lamp glow. You wanted company — amusement, anything to break the awful loneliness and monotony. You came through safe, you had the moral, mental and physical strength to survive. Perhaps you met the right girl in time, but think back and recall some of the boys who were your friends then—who got in wrong and who never came out right. What would it have meant for you in those days to have had a reading room, a gymnasium, a swimming pool, night educational classes, lectures and talks by men who had traveled and who had achieved? What would it have meant to the boys who didn't succeed, who might have been helped to help themselves — to keep clean minds and sound bodies? Boys are still coming from the country, nights must still be passed, ambition is still strong in the big 'teens and little twenties. Don't you think that you ought to help dig the "safe thoroughfare." The Y. M. C. A. has outgrown its finances, just because it hasn't outgrown its usefulness. Those inside its doors aren't one, two, three to the number waiting on the steps. It needs money for American manhood, to keep cleanliness in youth, to broaden brains and backs. It needs some of your money—as much as you can afford to give.

It needs it badly—NOW.

MESSENGER BALKS EXPRESS ROBBERY

Killed Two Highwaymen on a Southern Pacific Train in Texas.

EMPLOYED VERY SIMPLE RUSE

Wells-Fargo Employe Had Plenty of Nerve and Knocked One Bandit Dead With a Mallet and Shot The Other

San Antonio, Texas, March 13.—Employing the simplest sort of ruse, a Wells-Fargo Express mesenger with nerve aplenty, who knew how to deliver swift, terrible blows, balked the robbery of a Southern Pacific train early today by killing two of the highwaymen. The hold-up was staged near the Mexican border, on the eastern edge of the "Big Bend" country of Texas. For miles through the lone stretches of rolling prairie only scattered ranch houses relieve the landscapes' monotony. The point where the train, No. 9, westbound, was halted, is several miles east of Sanderson, in Terrell county.

David A. Trousdale, an express messenger, recently promoted to his run from the San Antonio offices of the express company, prevented the robbery. One of the robbers who held Trousdale at the point of a rifle in a corner was ransacking the express car.

"I'm not going to scrap with you all," remarked Trousdale, as he conversed with the bandit. I'm not getting 'fighting wages.'"

"Oh, all right," replied the bandit. "Then you fellows will have to help us get this stuff across the Rio Grande."

"Why don't you pick up that package?" casually inquired Trousdale, as he kicked at a small box on the floor of the car. "It's worth more than all the stuff you've got."

The robber stooped, deceived by the ruse, to pick up the package. Trousdale grasped a heavy mallett and struck. The bandit received the blow full on the head. He fell over dead. There was no alarming outcery.

Trousdale picked up the dead man's gun and waited.

Meanwhile, the second of the bandits had been working on the car ahead. When he completed his job he hurried back to the express car.

"Frank," he called.

There was no answer.

The robber swung himself aboard the car. As his form loomed in the dorway the express messenger fired The bandit tumbled to the ground dead. The bodies of the robbers were put into a baggage car and the train proceeded.

The bandits boarded the express at Dryden soon after midnight. Swinging on to the engine they covered the driver, Grosh, with guns and ordered him to proceed till they told him to stop. Ten miles west of Dryden they gave the signal for a halt. The conductor of the express, alarmed by the frequent stops, sent a negro porter ahead to inquire about the trouble. The negro was promptly covered with a rifle. Then the conductor crept up to the engine. Immediately he took in the situation. Before the robbers could fire upon him he hastened back and down the track. Walking several miles he stopped a freight train and gave the alarm over the wires to Sanderdson.

Meanwhile, the robbers were putting their plans for ransacking the express and the mail cars into execution. The sheriff of Terrell county tonight is searching for a third member of the band, supposed to have been posted up near the hold-up scene with horses. Near point where the train was stopped tracks of horses were found leading to the border. It is presumed the robbers, had they succeeded, would have made for Mexico.

The bodies of the bandits have not been identified. They are Americans.

Whatever the robbers took from the mail car was recovered. Nothing was removed from the express car.

The passengers were not alarmed. They knew nothing of the hold-up until after both robbers had been killed.

Trousdale is a native of Tennessee. He came to San Antonio several years ago and until a few weeks ago was employed in the offices of the Wells-Fargo Company here. He is 32 years old.

GOES TO GEORGIAN

Editor of Spartanburg Journal Becomes Publisher April 1st

Spartanburg, S. C., March 13.—Charles H. Henry, editor and manager of the Spartanburg Journal, is to become publisher of the Atlanta Georgian and News on April 1st, according to an announcement made here today. Mr. Henry established the Spartanburg Journal 10 years ago and has been associated with it since that time. He is a brother-in-law of Clarence J. Shearn, of New York, Mr. Hearst's personal attorney.

San Antonio, March 13.—J. H. Wade, of Cleveland, left here tonight at 7.45 o'clock in his balloon Buckeye, in an effort to break the world's long distance balloon record. The balloon took a northerly course. Wade had been here three weeks awaiting a favorable current of wind. Tom Cook, of San Antonio, accompanied Wade as aide.

BIG COAL STRIKE SEEMS PROBABLE

Anthracite Operators and Miners Fail to Reach Any Agreement.

THE SITUATION LOOKS BLUE

The Operators Refuse Absolutely to Make Any Concessions and the Miners Will Not Modify Their Demands

New York, March 13.—The anthracite coal operators and the United Mine Workers of America alike, profess tonight unyielding adherence to their attitudes concerning the miners' demands. The situation looks very blue and the indications point to a strike, declared President John P. White, of the miners. The operators say positively that they will make no concessions.

With the formal rejection of the miners' demands and the counter-proposition that the present agreement, which expires March 31st, be continued for three years, the operators' committee of 10 adjourned this afternoon until Friday noon. Adjournment was taken upon request of the miners' officials, who meantime, will meet, consider the operators' reply and plan their procedure. Their decision, it is expected, will be announced at the joint meeting.

"We will not make any modification of our demands," declared President White this afternoon. "Beyond that I cannot tell what will happen."

The operators' reply is a document of approximately 2,500 words. It deals seriatim and in detail with the demands. The finding of the anthracite coal strike commission, appointed by President Roosevelt in 1902, is quoted against recognition of the union and the adoption of the one-year agrement. The reply disposes of the demand that the operators collect union dues of their employes with the declaration that the laws of Pennsylvania forbid their doing so.

The conciliation board, the reply states, is always ready to deal justly with grievances of employes and adjust them.

The operators' reply of 1906, refusing the demand that the system, whereby a contract miner has more than one working place and employs more than two laborers, be abolished, is repeated in the present reply. Grievances concerning interferences with check weighmen and check docking bosses, the operators declare, can readily be settled by the conciliation board. The demand for an eight hour day is rejected on the grounds that conditions have not changed since the anthracite coal commission recommended a nine hour day and that to further reduce the work day would seriously curtail production.

"It is out of the question to advance wages," reads the reply, "unless we can in some manner realize from the sale of coal produced, a sum equal to the increase in wages."

This increase, it is stated, would aggregate $28,000,000 a year, and the whole advance, which would average about 67 cents per ton, would be borne by the domestic sizes of coal. The in-

OUTLINES

Three negroes accused of setting fire to a home were lynched at Olar, S. C., yesterday.

Mahlon Pitney's nomination as a Supreme Court justice was confirmed by the Senate yesterday.

Eugene Grace's physicians stated yesterday that he was dying and there was no chance for him to live.

Powerful lobbyists at work in Congress yesterday failed to secure the passage of a waterpower bill.

Gen. Sheng Yun is marching on Peking with a large army and will attempt to restore the monarchy.

Thirteen persons were injured in a wreck on the New York Central at Poughkeepsie, N. Y., yesterday.

A Wells-Fargo express messenger yesterday killed two highwaymen who attempted to rob the express car on a Southern Pacific train.

Oscar King Davis, of the New York Times, was appointed general publicity man and assistant to Senator Dixon in the Roosevelt headquarters yesterday.

The Senate yesterday adopted a resolution prohibiting the exportation of munitions of war to any Pan-American country with which the United States is at peace.

Owing to the failure of the anthracite coal operators and the United Mine Workers of America to come to any terms a serious strike seems likely and coal prices have begun to soar.

New York markets: Money on call firmer, 2 1-8 to 2 1-2 per cent.; ruling rate and offered at 2 1-2; closing bid 2 3-8. Spot cotton closed quiet, 5 points higher. Flour quiet. Wheat, spot easy, No. 2 red 1.04 1-2 elevator export basis, to arrive, and 1.06 1-2 f.o.b. afloat. Corn, spot weak, No. 2, 79 elevator, domestic basis to arrive and export 74 f.o.b. afloat. Rosin steady. Turpentine quiet.

"The Misanthrope Heart."

Strong dramatic adaption of one of Literature's sweetest tales at The Grand Theatre today. **

NEGRO FIRE BUGS LYNCHED BY MOB

Three Were Taken From Officers and Shot to Death Near Olar, S. C.

CONFESSED TO THE CHARGE

Destructive Fire Occurred in the Business Part of Town in February And Suspicion Pointed to The Negroes

Olar, S. C., March 13.—Three negroes in charge of constables on their way from Olar to Bamberg to be lodged in the county jail, were taken from the officers by a mob at Odoms Bridge, seven miles from this place and shot to death this afternoon. The mob of 75 to 100 men surprised the two constables and secretly securing the three negroes, finished their work in short order. The negroes were Alfred Dublin, Richard Dublin and Peter Rivers.

The negroes had confessed to attempting to burn the residence of J. E. Cook, mayor of Olar, early yesterday morning. On February 21st, a destructive fire occurred in the business part of the town.

A rigid investigation followed the attempt to burn the mayor's residence in view of the fact that indications pointed to the fact that the fire was of incendiary origin. As a result one negro was arrested last night and the two others today. The Dublin negroes had been discharged from the employ of Mr. Cook and the others had been fined by the mayor for alleged "boot legging."

The negroes were held in the guard house at Olar until the confessions were obtained, when it was decided to send them to the county jail at Bamberg. On the way thither, the lynching took place.

HON. J. A. BROWN IN RACE.

Will be Candidate for Corporation Commissioner to Succeed McNeill.

(Special Star Correspondence.)

Raleigh, N. C., Mch. 13.—Along with the reports the past few days that Hon. J. A. Brown, of Columbus county; Mr. Arendell, of Morehead, and S. G. Daniels, of Littleton, would be in the race for Corporation Commissioner there developed reports that Chairman Franklin McNeill, whose term as commissioner expires this year, would stand for renomination also, in spite of the impression that has been abroad for some time that he would not be in the race. He put an end to such reports today by the definite statement that he will not under any circumstances seek a re-nomination and intends to retire from office with the termination of his present term. Commissioner Travis, who was appointed to fill out an unexpired term by Governor Kitchin, will stand for re-nomination and every one admits that he will be re-nominated without opposition. This leaves the fight over the commissionership wholly on the place on the Commission that Chairman McNeill vacates. Mr. Brown and Mr. Arendell are the two eastern men already avowedly in the race. However, Mr. Daniels, of Littleton, will also make an effort for the McNeill vacancy.

There has been much talk of A. J. Maxwell, the present clerk to the commission, getting in the race to succeed Mr. McNeill and there is every indication that there will be definite announcement to this effect within a few days.

Hon. J. A. Brown, who has just entered the race, was chairman of the finance committee of the Senate for the last session of the Legislature and in that capacity made a special study of the North Carolina tax system and the work of the Corporation Commission as a tax commission.

ALL MOTIONS DENIED

Packers' Counsel Hold Conference On Plan of Defense

Chicago, March 13.—While Judge Carpenter denied motion after motion of the packers in their trial today the 10 defendants and their counsel held an all-day conference to determine the plan of defense over which it is said there is considerable difference of opinion. It was said that a tentative understanding that the packers themselves shall not take the stand was the only agreement reached.

Among the motions denied by the court were:

To discharge Edward Morris, president; and Louis H. Heyman, manager of the beef department of Morris & Company, because the indictment named Morris & Company, of New Jersey, instead of Morris & Company, of Maine, as the corporation handling the fresh meat branch of the business.

To strike from the record the government's statistical exhibits showing the number of cattle purchased and killed by the companies controlled by the defendants between 1902 and 1910.

To strike from the record testimony in reference to the purchase of stock in the Schwarzchild and Sulzeberger Company and the New York Butchers' Dressed Meat Company by Edward Tilden.

To strike from the record the minutes of the directors' meetings of the National Packing Company.

To strike from the record the testimony of six government witnesses.

FLYER DERAILED ON N. Y. CENTRAL

The Twentieth Century Limited Plunged Into Ice Covered River.

THIRTEEN PERSONS INJURED

None of the Passengers Were Mortally Hurt, Owing to Steel Cars and Thickness of Ice on the Hudson.

Poughkeepsie, N. Y., Mch. 13.—Thirteen persons injured, several seriously, but none, it is believed, mortally, sums up tonight the casualties caused by the wreck of the first section of the Southbound 20th Century limited, the New York Central's crack flyer, a mile south of Hyde Park, near this city, this morning.

Running behind schedule at an estimated speed of 60 miles an hour and rounding a curve close by the banks of the Hudson, the train struck a broken rail and five cars left the track and plunged down an embankment and into the ice-covered river.

The thick ice coating of the stream acted as a check to the rush of the cars and kept them from sliding into deep water, while the steel construction of the coaches probably prevented a far worse disaster. Had the river been free of ice, the derailed cars probably would have gone into deep water and many persons been drowned. As it was, the ice held the cars, but water entered some of the sleepers to the depth of the lower berths and gave many of the sleeping passengers an icy bath. All the passengers in the cars in the river were rescued without great difficulty. Planks were run out to the car windows and passengers made their way to shore over these improvised bridges.

Those of the injured that were unable to help themselves were carried out, and all those requiring surgical attention were placed on board other trains and rushed to New York City.

The train was running in two sections. The second section was but 10 minutes behind the first, and the wreck of the first had set a dangerous trap for it. Frank Lee, conductor of the wrecked train, however, stepped into the breach and saved a second possible disaster. Lee was in the rear of the observation car when the wreck occurred and was pinned underneath some seats. His head was badly cut and he was otherwise bruised, but he managed to extricate himself, and bleeding as he was from his injuries, ran back and flagged the second section.

Many of the passengers related thrilling stories.

"It was the worst wreck I ever saw, and the escape of the passengers was marvellous," said J. J. Burnett, a New York Central official of Chicago. "We can all be thankful that we were in steel cars, instead of the old type of wooden ones."

The train which was wrecked left Chicago yesterday afternoon. It was a little late in leaving Albany this morning, but on its ordinary running time should have reached this city not much later than 9:40 o'clock. It was a few moments before 9 o'clock when it struck the broken rail and met with disaster. Five cars in all were derailed out of the seven which made up the train. In all there were about 50 passengers on the wrecked section and according to those at the scene at the time of the rescue, nearly two score of them were pulled out of the water-logged cars.

While many of these were badly shaken up, some bruised and most of them suffering from the shock of their sudden immersion, only the baker's dozen injured were badly enough hurt to require immediate medical attention.

MARRIAGE LICENSE CASE IS DECIDED

Father's Consent Necessary, the Supreme Court of North Carolina Holds.

OPINIONS GIVEN YESTERDAY

Several Matters of Interest in the State—Sampson and East Carolina Cases Included in the Weekly Batch.

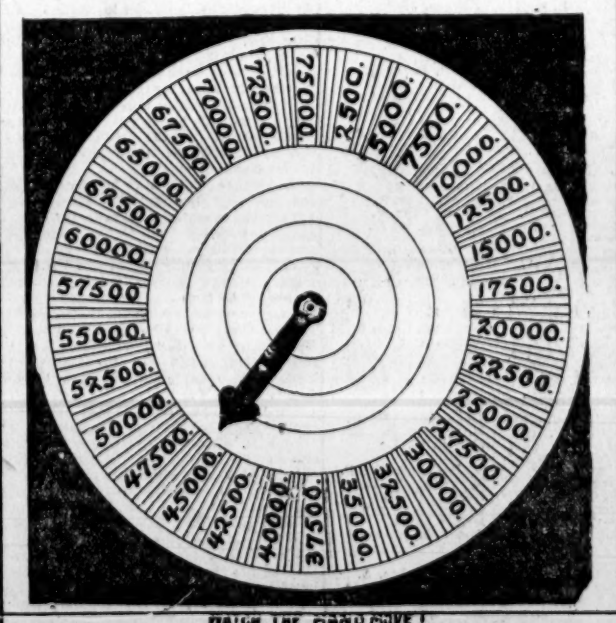
(Special Star Telegram.)

Raleigh, N. C., March 13.—The Supreme Court in the case of J. E. Littleton vs. John Haar, Register of Deeds of New Hanover county, just decided, holds that the Register of Deeds is liable for $200 penalty for the erroneous issuance of marriage license to Littleton's daughter, Edna Littleton, because the license was issued on the written consent of the mother and not of the father. The girl was under age and the consent of her mother was filed only.

The father sued for the penalty and recovers judgment for it. The court holds that the consent of the father is essential when he is living. In this case the daughter was living with and being supported by the father, but the court holds that this consent of the father is necessary whether this is the case or not, and whether the father and mother are living together, as they were in this case, or not. Also a case in Alabama is cited approvingly, in which it is held that this penalty would apply if the license were issued on consent of the mother, only when the father was out of the State for a time. His consent must be gotten if he is living, no matter what the circumstances, is the position of the court unless there is other specific guardianship.

In another case Albert Dixon vs. John Haar, same defendant for issuing marriage license to minor without consent of father, the Supreme Court holds that the case must be tried in New Hanover and not in Duplin county, where the case was erroneously instituted. The lower court had held that it must be tried in Duplin.

Ten opinions were delivered by the Supreme Court this weekly delivery day, the following being the result: State vs. Seip, et al., from Currituck, reversed; Pocomoke Guano Co., appellant vs. City of Newbern, affirmed; W. P. Burrus, appellant, vs. Witcover, Craven, affirmed; W. A. Williams, et al. vs. P. A. Lewis, appealed by H. H. Phillips, receiver, from Edgecombe, affirmed; In re administdation of W. R. Mann on Battle estate, from Nash, affirmed; F. A. Puckett vs. James Morgan, Franklin, reversed; R. M. Hicks vs. Seaboard Air Line and road trustees, Franklin, reversed; H. W. Barber vs. L. H. Griffin, appellant, Martin, no error; O. D. Batchelor, executor, appellant. J. D. Ovetton, Nash, error; State vs. John Hardy, Duplin, affirmed; E. L. Hobbs vs. G. W. Cashwell, appellant, Sampson, appeal dismissed; J. W. Little, administrator, appellant, vs. H. W. Colwell, New Hanover, affirmed; L. J. Winstead vs. Norfolk Southern Railroad Co., appellant. Lenoir, no error; Littleton vs. John Haar, appellant, New Hanover, no error; Albert Dixon vs. John Haar, appellant, Duplin, reversed; Free Will Baptist Church vs. Free Will Baptist Church, Lenoir, dismissed; Hattie Satterthwaite, administratix, appellant, vs. Atlantic & North Carolina Railroad, Wayne, appeal dismissed; State vs. William Brooks, Wake, appeal dismissed under Rule 17; D. B. Martin Co., appellant, vs. Commissioners of Craven, affirmed; J. W. Whitefield vs. C. F. Dunn, appellant, Lenoir, affirmed.



NOW FOR THE FINISH IN Y. M. C. A. CAMPAIGN

(Continued from Page One.)

ed up to yesterday morning, as reported by the campaign management is as follows:

A Call to the Scouts

The world looks up to the boy with pride who, in the face of danger, disappointment and even death itself, stands and shouts in a loud voice, "I know what action to take." "I am prepared for the emergency." Every boy at sometime in life confronts himself with the question, "what can I do in my small sphere of existence, that will make me a hero in the eyes of my friends?" Eevery boy desires to live a life that counts and to do things that are really worth while. The Boy Scout is always prepared to face problems from which all others shirk. Truly there are some boys who are manly boys, boys who know how and are not affiliated with the Scout movement. But when a Scout gives you his word of honor that he will do his best, he is to be trusted beyond every doubt.

A definite work will be designated for the Boy Scouts of Wilmington during the remaining days of the campaign for the Y. M. C. A. today at 3 o'clock sharp. Every Boy Scout is expected to be present or his word of honor, in the library of the Young Men's Christian Association, prepared to carry whatever plans forward to success that may be made for him. This will give every boy who is really desirous of doing his "good turn" a chance to prove his worth in so great a cause.

This invitation is also extended to every other boy of the city who is a friend to the Scout movement and the movement on foot. The slogan is, "Every Boy His Duty."

Camden, S. C., March 13.—The Camden polo team today, by a score of 5 3-4 to 4 1-2, defeated the Aiken team, thereby winning the championship of the South and incidentally the handsome Southern Circuit cup. It was a sweeping victory for the winners, the Aiken team being outclassed at all stages of the game.

JOINS ROOSEVELT CAMP.

Oscar King Davis Becomes Teddy's Publicity Man.

Washington, Mch. 13.—The appointment of Oscar King Davis, head of the Washington bureau of the New York Times, as general publicity man and assistant to Senator Dixon in the Roosevelt National headquarters, was announced today by Senator Dixon.

Mr. Davis, it was stated, is to be more than head of the literary bureau of the National headquarters; he is to be a working assistant to Senator Dixon, and sort of an "assistant general manager." in the words of the Roosevelt campaign director. A further announcement of the selection of a well known Middle Western Congressman to take active control of some of the Western work in the headquarters is expected within a day or two.

The Roosevelt headquarters today gave out a statement prepared at a conference of negro ministers in Washington, claiming to represent 400,000 negro voters, declaring for Mr. Roosevelt as the "friend of the negroes."

The statement is signed by Bishops J. S. Blackwell, of Indianapolis; E. Tyree, of Nashville, and G. W. Clinton, of Charlotte, N. C., and by over 30 negro ministers from various cities.

The petition addressed to negro voters, urges them to do all they can to aid in Col. Roosevelt's nomination "and do all you can to compass the defeat of William Howard Taft, who thinks that ten million negroes should accept his appointment of an assistant attorney general and a collector of customs as a panacea for his degrading Southern policy."

"If these negro bishops and ministers are correct in their signed statement that 'the colored voters will not support Mr. Taft if he is nominated'," said Senator Dixon in a statement tonight, "it means the certain loss of the 15 electoral votes in Indiana; 29 in Illinois; 18 in Missouri; eight in Delaware, eight in West Virginia, 24 in Ohio, 10 in Kansas, and eight in Maryland. With the eliminating of these 115 electoral votes, the nomination of Taft would mean political suicide."

Oyster Bay, N. Y., March 13.—After a hard day in his library, Colonel Roosevelt tonight finished the speech with which he is to open his campaign at Carnegie Hall, New York, before the Civic Forum next Wednesday night. In it he will discuss the general subject of the control of governmental agencies by the people, and outline what he considers the chief issues of the campaign. It is expected that this speech will constitute the reply which he said last week he would make to President Taft's address in Toledo.

A delegation of five men from Vermont took dinner with Colonel Roosevelt. They told him the Roosevelt movement in their State was assuming such proportions that they thought almost all of Vermont's delegates to the National convention would be for him. Colonel Roosevelt was doubtful. He said that with the Republican organization, the Senators and Congressmen against him, it would be difficult to make headway.

Although Colonel Roosevelt at first declined an invitation to speak in Nashville before the Southern Commercial Congress in April, he later re-considered the matter on the advice of Senator Dixon, his campaign manager. C. J. Owens, who came from Washington to bring the invitation, said Colonel Roosevelt was withholding his decision for the present. Senator Dixon wrote Colonel Roosevelt that the political situation in Tennessee was such that a speech by the Colonel might have considerable effect.

WRECK ON SOUTHERN.

Birmingham Special Left the Rails at Spartanburg.

Spartanburg, S. C., Mch. 13.—The Southern Railway's fast train, No. 30, known as the "Birmingham Special", was wrecked at Drayton Mill village, two miles east of this city shortly after 10 o'clock tonight. The four cars just back of the engine left the rails, the engine without the tender remaining on the rails.

No one was killed. C. S. Mooney, of Flowery Branch, Ga., baggage master, sustained a cut on the right leg and other minor injuries. He was caught beneath the baggage in his car and was gotten out with difficulty.

Other slightly injured were G. N. Ruff, of Atlanta, mail agent; W. R. Hunt, of Westminster, S. C., mail agent, and G. W. Ackers, of Atlanta, mail agent.

The wreck was caused by the front truck of the baggage car splitting a switch where the siding going into the mill village leaves the main line. This car pulled the mail car, immediately in front of it, and the tender from the engine, off the rails and caused the coach and Pullman to be hurled 30 feet from the track. The rails and ties are torn out of the roadbed for 300 yards.

Congressman Joseph T. Johnson, of this city, returning to Washington, was a passenger on the train, but sustained no injury.

A story to the effect that one of the mail agents on the train showed to the conductor who was standing at the station here a few minutes before the wreck, a letter he had received warning him that the train would not reach Charlotte without meeting with an accident, is current at the scene of the wreck.

INDIGESTION

Causes Dizziness, Nervousness, Sick Headache, Sleeplessness

MI-O-NA STOMACH TABLETS BANISH ALL MISERY

You know that most of the ailments named above come from an out of order stomach; of course you do.

When your food reaches the stomach it should digest and furnish nutritious matter to the blood.

It it doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great pneumogastric nerve that leads directly to the brain from the stomach.

CAN'T SLEEP.

That irritatoin causes heartburn, dizziness, nightsweats, nervousness, and other ailments.

MI-O-NA will end all stomach misery, or money back. A large box costs only 50 cents and is sold by Robt. R. Bellamy, and druggists everywhere.

THE FLORENCE TRAGEDY

Police and Detectives Think They Have Clue to Boy Murderer

Florence, S. C., March 13.—The Times announces this afternoon that the police and detectives think they have a clue to the murderer or murderers of young Andrew Jackson, whose body was found in a box car on the railroad yards here last week, but it says they are very reticent in talking.

The theory that is being worked out and which seems to promise some results is that the two boys of a hackman assaulted the little Jackson boy, and that their rough handling was more than they had intended, and that they called on another driver, one known as Georgetown, to help them, and that he finished up the demonish work.

There is no certainty of this being correct, for the coroner will have to carefully investigate the matter, but there are things that lead the police to believe that they have struck the right trail, and that they will be able to fasten the crime on some one in a short while.

The boys who are under arrest are two boys of the hackman, McIntosh, who are said to have had a fight with the little Jackson boy and that this fight was followed up and Georgetown helped them out by hiding the body after choking the life finally out of the little fellow.

Chihuahua, Mexico, Mch. 13.—The Federals evacuated Santa Rosalia at noon. Gen Salazar occupied the town and sent a detachment in pursuit of the retreating troops.

JUDGE CLARK ON SUFFRAGE

Women Will Gets Votes When Wanted—Senatorial Campaign Notes. Meredith Commencement. Other Raleigh News.

(Special Star Correspondence.)

Raleigh, N. C., Mch. 12.—Answering an anxious inquiry from a prominent citizen of the State as to just where he stands on the issue of woman's suffrage that has loomed large in many parts of the country, Chief Justice Walter Clark, of the Supreme Court, and candidate for the United States Senate to succeed Senator F. M. Simmons, made this unique reply:

"Your inquiry reminds me of the teacher who asked the little boy why lightning never strikes twice in the same place, and the boy replied that he guessed it didn't need to. There is no need for any one to support woman's suffrage. The women of North Carolina don't want woman's suffrage now and no one will try to force it on them. It will probably be some years before they do want it. When they make up their minds to have it the men of North Carolina will be just enough, gallant enough and wise enough to grant it. You will only have to climb up in a chair and see the procession go by."

Friends throughout the State will be delighted to learn of the steady recovery now of Capt. Miles O. Sherrill, State librarian, who slipped on the ice two months ago on the sidewalk in front of his home and broke the stump of the leg he lost in the Civil War. He has gotten able to get about the nouse on crutches. It will probably be some time before he will be able to use his cork leg again.

Adjutant General Leinster, of the North Carolina National Guard, issued today commissions to W. B. Milliner as captain; J. H. Mobly as first, and C. T. Summers, as second lieutenant, Company G., Third Infantry, Reidsville; Marion F. Hatcher, as captain; J. H. Miller as first lieutenant, Fourth Company, Coast Artillery, Salisbury, and S. P. Clark, first lieutenant and W. E. Dunn as second lieutenant of the Wilson company of infantry.

The Painters & Decoratirs' Union of Raleigh adopted resolutions last night endorsing Chief Justice Walter Clark for the United States Senate to succeed Senator Simmons. The union also named a committee to have charge of all matters pertaining to Judge Clark that may come before the union. It is a new organization, but is said to represent the painters and decorators here very fully.

The announcement is made that Meredith College will have as special orators for the commencement season during the last week in May Rev. Chas. E. Jefferson, pastor of the Broadway Tabernacle, New York, and Mr. J. Campbell White, head of the Laymen's Missionary Movement in the United States. Dr. Jefferson will deliver the annual address and Dr. White will be the orator for the baccalaureate sermon and the missionary address.

If Raleigh gets a modern baseball park the people of the city will have to put the money into a stock company for this purpose. It will require $7,000 capital. The whole matter at this time is hanging on the question of whether one of the big league teams, most probably the Nationals, can be secured to do Spring practice work here. There seems to be no chance at all this season for Raleigh to have any league connections for home ball.

Also the equipment of the proposed amusement park at the end of the Country Club line is conditioned on the securing of stock among the citizens here for its equipment, which will require $17,000 to $25,000. And one of the duties that J. H. Livingston is to perform in promoting the undertaking is the formation of the company and the securing of the necessary subscriptions to the stock. The matter is to be pushed with a view to equipment by the early Summer.

Mr. Francis M. Busbee, aged 78 years, died at the home of his daughte Mrs. E. P. Stone, last evening, he having sustained a stroke of paralysis a week ago. He was a native of this county and for many years an extensive farmer. He served valiantly through the Civil War. Seven children, five daughters and two sons, survive him. He was a first cousin of the late C. M. Busbee and Fab H. Busbee, prominent attorneys of this city.

Raleigh will have the district convention of the Knights of Pythias here Thursday night with Centre Lodge, Governor Kitchin being one of the participants. A programme of special interest has been prepared.

It is learned that the Southern Railfay Company has secured options on considerable additional property around the Southern freight station and the cotton platform in connection with the preparations being made for the erection of a mammoth new freight station. The well known Moses Woodard residence property just to the south of the union station, is said to be included in the pending deal and the Southern is said to have on foot plans and extensions of freight yard trackage along with the fine new depot plans that this gives Raleigh exceptionally good facilities in this respect.

State Food Chemist W. M. Allen, of Raleigh, who is secretary of the Association of State and National Food and Dairy Departments, makes the official announcement that the 1912 session will be held at Seattle, Wash., July 9 to 12. The Supreme Lodge of Elks will be in session about the same time at Portland, and the week following there will be the Golden Pot at Seattle that is much after the famous Madi Gras in New Orleans. Lucius P. Brown, of Tennessee, is president and W. M. Allen, Raleigh, secretary of the association of food and drug officials.

Chief Justice Walter Clark, of the Supreme Court, was at Pine Bluff Monday to deliver an address in w... he treated the initiative and referendum and other of the more progressive issues in the science of government. A number of Northern tourists were in his audience, it having been ascertained that 16 States were represented in the crowd. The Chief Justice did not refer to his candidacy for the United States Senate, but his address was right along the lines of his most prominent campaign planks. He says he is gaining strength in his campaign rapidly. He has more clubs organized and at work than any of the other three candidates, there being eight clubs with over 1,800 members including Raleigh, Charlotte, Monroe, Washington and other of the best located towns.

FOURTH DISTRICT PYTHIANS

Meeting in Fayetteville Friday Night —Prominent Officials to Attend

Fayetteville, N. C., March 13.—The Knights of Pythias of the Fourth District of North Carolina will hold their district meeting in the Castle Hall of Cumberland Lodge, No. 5, this city, Friday night, 15th inst. Seventeen lodges will be represented. The following prominent officials will be in attendance at the meeting: C. C. McLean, Grand Chancellor, Greensboro; Col. Walker Taylor, Grand Vice Chancellor, Wilmington; J. D. Nutt, State Deputy Grand Chancellor, Wilmington.

Toastmaster W. S. Cook has arranged for a number of toasts. They follow, with the names of the gentlemen who will respond to them:

"Practical Pythianism," E. W. Nolley; "Pythian Friendship and Its Exercise," C. G. Rose; "The Young Man in Pythianism," J. C. Gibbs; "Pythianism in Business," J. H. Anderson; "Holding Our Own," Dr. J. W. McNeill; "Pythianism in North Carolina," Grand Chancellor C. C. McLean; "The Suspension Evil," State Deputy J. D. Nutt; "Outlook for 1912," Grand Vice Chancellor Walker Taylor.

GRACE IS DYING

Doctors Say That It Is Impossible for Him to Recover

Atlanta, Ga., March 13.—Eugene H. Grace, the young business man who was mysteriously shot at his Eleventh street home and whose wife, Mrs. Daisy Opie Grace, is held in the county jail for the shooting, cannot recover, according to his physician's statement tonight. Late in the afternoon Grace was said to be dying and relatives and attorneys were called to his bedside, but tonight he is again reported to be resting easy.

Doctors W. S. Goldsmith and Willis Jones in their statement said:

"A second X-ray examination was made upon Mr. Grace last night. The pictures show the bullet lodged in the spinal canal on a level with the ninth dorsal vertebrae. The cord is entirely severed. No operation will be performed as no benefit could result from it. We entertain no hope for his recovery, although he may live several weeks."

No efforts have been made as yet to obtain Mrs. Grace's release on bond and she steadfastly refuses to discuss any phase of the case.

Itch! Itch! Itch!

What long nerve-racking days of constant torture — what sleepless nights of terrible agony—itch—itch—itch, constant itch, until it seemed that I must tear off my very skin—then—

Instant relief—my skin cooled, soothed and healed!

The very first drops of D. D. D. Prescription for Eczema stopped that awful itch instantly; yes, the very moment D. D. D. touched the burning skin the torture ceased. A 25c. bottle proves it.

D. D. D. has been known for years as the only absolutely reliable eczema remedy, for it washes away the disease germs and leaves the skin as clear and healthy as that of a child.

All other druggists have D. D. D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D. D. D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.

Robert R. Bellamy, Druggist, Wilmington, N. C.

TRIP HAMMER CASE.

It is at Last Off the Docket—Property is Purchased.

(Special Star Correspondence.)

Greensboro, N. C., March 13.—Greensboro's one-time much talked about "trip hammer" case as a result of which the town was given a bit of undesirable advertising, has been finally and definitely settled and may now be marked "ancient". The case was settled out of court and by compromise, the defendant, the Standard Boiler & Machine Company, agreeing to pay the costs of the litigation, aggregating $178 to the court, and also $3,250 to the plaintiff, J. R. Morefield, for his house and lot located near the plant of the defendant, the defendant to be given a fee simple title to the property and Mr. Morefield having 30 days in which to secure another home and vacate. It was this piece of property which the plaintiff alleged had been damaged by the incessant noise of the trip-hammer and also that the happiness of his home had been interfered with and the health of his family injured as a result of the defendant's noise making piece of machinery. The case was recently tried and a verdict rendered against the Boiler Company. Judge Cooke sought to have the case settled by compromise, but failed, and the defendant gave notice of appeal to the Supreme Court. Since that time parties indirectly interested have been at work with the result that a compromise has been effected; the case will be taken from the docket and probably nothing more heard of Greensboro's "trip-hammer" case.

MORE EVIDENCE RECEIVED.

May Lighten Suspicion Against Bradley in Hawkins Case.

(Special Star Correspondence.)

Asheville, N. C., Mch. 12.—There is a rumor in Asheville, said to have been brought here by a Hendersonville man, to the effect that more evidence has been discovered in connection with the Hawkins case, which may serve to make lighter the suspicion against the Bradley brothers, who are now in jail here, and that the attorneys for the Bradleys will probably move again for their release under writ of habeas corpus. Jailer Jordan stated this morning that the counsel for the Bradleys, Station & Smith, came to see their clients last night, but only remained a short time. It is supposed that the new evidence has something to do with the identity of the woman who came with Myrtle Hawkins to Dr. J. H. Williams' office, when he was asked if he would perform an operation.

The Hendersonville man told an Asheville citizen that a large number of people came from Polk county to Hendersonville last night in the interests of the Bradleys, although it was not stated what they intended to do. It is said that the Bradley brothers are connected with some of the most prominent people in Polk county.

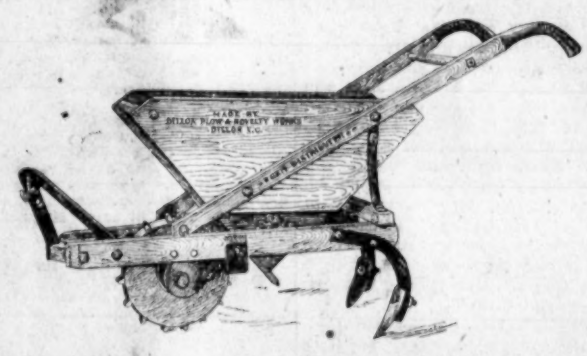
S.S.S. BEST TREATMENT FOR CATARRH

S. S. S. is the best treatment for Catarrh because it is a perfect blood purifier. It is the only medicine that is able to get down into the circulation and entirely remove the catarrhal matter and impurities which produce the trouble. As long as the mucous membranes and tissues are kept inflamed and irritated by this impure and infected condition of the blood Catarrh will remain. Its disagreeable and dangerous symptoms, of ringing noises in the ears, mucus dropping back into the throat, headaches, watery eyes, difficult breathing, and even stomach disorders and weakened health, cannot be permanently relieved until the blood is purified. Nothing equals S. S. S. for this purpose. It goes down to the very root of the trouble, and removes every particle of the catarrhal matter from the blood and enriches this vital fluid so that all the mucous surfaces are supplied with nutritive, healthful qualities, instead of being constantly irritated and inflamed by impurities in the circulation. Then the symptoms begin to pass away and when S. S. S. has entirely purified the blood, Catarrh is permanently cured and the general health greatly built up. Book on Catarrh and any medical advice desired sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

THE "GEM" GUANO DISTRIBUTOR



is the best made—first, because it has a box or hopper that will hold a sack of guano; second, Fertilizer is given out evenly and properly scattered; does not run out in a narrow drill; third, It distributes same amount going up hill as on level ground.

It puts Fertilizers out right at the ground, and the Wind Doesn't Blow It Away. It can be regulated to Sow from One Hundred Pounds to Fifteen Hundred to the Acre.

WM. E. SPRINGER & CO.

PURCELL BUILDING.

REX GUANO DISTRIBUTOR.

Its new features for 1912 are a much larger hopper, and an agitator of improved design. Dou you want a perfect feed machine that will feed the same up hill as down hill, the same when your horse walks fast and slow, one that the feed will not change only when you change it, one that will distribute from 200 to 1,000 pounds per acre and spread it in a broad band eight inches wide, or narrow as you prefer, one that can be operated by any boy and will do nothing but perfect work? If so, REX is the machine you are looking for.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Wednesday, March 13, 1912.

North Carolina is the Juarez of the Taft-Roosevelt campaign.

A Wilmington man calls his watch LaFollette because it runs awhile and stops awhile.

We do not know how you stand, but as for us a third term for any President does not entertain us even a little bit.

Some prefer statesmen, some prefer demagogues, and some cant' tell one from the other. — Greensboro News.

No woman would throw her new Spring hat in the ring where it would be kicked around like the headgear of the dauntless Colonel.

Senators Lorimer and Stephenson have lined up with Taft. Taft can't help it, but Teddy will think that shows which way the wind blows in great gusts.

Col. Roosevelt says he is going to "reluctantly take the stump." Let him take the stump if he wants to, but he will take chances in doing it. He is more than liable to put his foot in it.

A dog was rushed by special train from Cleveland to Boston to be operated on. The operation will be successful if the surgeons can remove the dog's bark without removing the dog.

President Taft claims that he fulfilled all his campaign promises. Yes, but something ought to happen to him for making the kind of promises he handed out in order to keep the special interests on his side.

Col. Roosevelt declared that in becoming a candidate for President he is "merely answering the call of the people." Meanwhile, the delegates seem to be answering the call of President Taft's working staff.

The esteemed Chester (Pa.) Republican observes: "The United States has never changed Presidents during a war." However, the precedent will go by default this time. The country is not going to pay any attention to Col. Roosevelt's war with President Taft.

If Winter lasts much longer, the average man will not have any left-over clothes. So long as Winter continues to linger in the lap of Spring a man's Winter clothes will have to hang on for awhile so he can avoid the appearance of rushing the season with his new Spring toggery.

Were Taft to go after the lion hunter and go after him as he could, skin him and dress him and quarter him—using no weapon but Teddy's record, the country would see one of the sorriest white men ever presented in National galleries. Roosevelt is the limit, and while he will make a noise, he will never be nominated for President on the Republican ticket. Gently place a coupling pin here and mark the prophecy.—Col. Al. Faibrother in Everything.

The London Journal calls attention to the fact that the timber interests of New England and eastern Canada are still greater than most people suppose. Ten million dollars will be required to pay the army of lumbermen at work in the forests of Northeast Maine, New Hampshire and Vermont and the provinces of New Brunswick and Nova Scotia this Winter. In this army of loggers are 60,000 men and 22,000 horses. The fruits of the campaign will be a crop of 2,500,000,000 feet of pine, cedar, spruce, hemlock and birch. In Maine the harvest for the pulp mills will reach the enormous total of 350,000,000 feet this Winter. The amount cut for the saw mills will not be far from 400,000,000.

WASTING ROAD MONEY

The Star is glad to see that highway construction has made such progress in North Carolina that the experiences of the counties is demonstrating the fact that we have come to the period when we must adopt a system of highway construction and maintenance. We have passed the stage of merely building roads and have come to the practical point of keeping them up after we have built them. It has been demonstrated that when we build good roads we have to keep them built, or else the cost of construction will waste away and we will get back where we started—without any roads. We are speaking of this subject from a Statewide view and we shall take the fine macadam roads of Guilford county for example, since we find in the Greensboro Record this communication from Professor Martin H. Holt, of Oak Ridge:

"A few years ago Guilford county very wisely voted to issue three hundred thousand dollars in bonds for the purpose of building macadam roads. This money was placed in the hands of a highway commission, and the men composing it did their work faithfully and well. More than one hundred miles of excellent road, distributed as nearly as possible in those parts of the county where the population is densest was built. Having built the roads, this commission was discontinued. It seems to have been either a serious defect in the law providing for the bond issue, or a serious oversight on the part of those intrusted with the care of the county's interests, that no arrangement has been made, nor effort of consequence, to keep these roads, already built at a great expense, in repair.

"Any man who would invest four thousand dollars in a farm, and then proceed to let the land wash into gullies, fences fall down, and fields grow up in bushes and briars, would be considered short-sighted at best. Each mile of macadamized road has cost in the neighborhood of four thousand dollars. Year after year more of the macadam is washing down into the side ditches and into holes in some places hub deep, and yet the county fathers seem to look on with complacency, and take no steps to prevent this investment from rapid deterioration. If there is no law on the statute books enabling them to look after the roads, certainly we should see to it that we send men to the next Legislature who have the courage and the wisdom to pass such a law as will look toward the preservation of this great source of the county's wealth and development.

"In last week's letter Frank G. Carpenter said that in the Philippine Islands, the roads cost four thousand dollars per mile, and that the natives, out of their own taxes, spend two hundred and ninety dollars per mile to keep the roads in repair. Whether so large a percentage is necessary to keep our roads in repair or not, I shall not discuss. I suppose it is safe to say that, outside of the road between Greensboro and High Point, not more than two dollars and ninety cents a mile has been spent since the completion of our roads to keep them in repair. The people of the county, I am sure, to a man, believe that ordinary business sagacity demands that our roads after being built need to be scientifically, intellectually, and carefully looked after and kept in repair.

"I think it is safe to say that the splendid road which was built a few years ago from Greensboro to Oak Ridge, has already deteriorated from ten to twenty-five per cent. This deterioration will be much more rapid within the next five years. By the end of that time only a monumental ruin is likely to be left under present conditions."

Prof. Holt is not writing to criticise any person, but what he has to say emphasizes the fact that we must have real highway systems managed in a businesslike and scientific manner. We have just enough roads in North Carolina to make us realize their great importance and that they are immensely valuable property to be cared for like other assets of a county. In our more or less primitive days we have regarded road construction as a side line to be looked after incidentally in our lax systems of county government. Now a county which has a good roads system has a big asset to be looked after as efficiently as the county finances, but under our system of county government it has been mistakenly supposed that a board of county commissioners can meet once or twice a month and conduct the government of a small-sized State.

The fact is, the time is almost if not here, when it will be necessary to have a different system of county government. Our county governments ought to be on the job all the time instead of a few days at the time, so they can give proper attention to the roads and other large interests of the county. At it is now, the counties are liable to change the personnel of their government every two or four years, and thus large interests are taken in charge by inexperienced men who have to serve a long time before they even know "where they are at." Nobody is to blame, because we let our counties take care of themselves. It is the system that is responsible, and it is one which requires busy men to manage big affairs, with a few days attention, with no pay, or at least none sufficient to warrant them in leaving their own business to attend to everybody's.

Guilford highway commission ought have remained on the job. Every county ought to have a highway commission and it ought to know its business. That can be done only by making a study of it and keeping in touch with the practical and scientific sides of building and maintaining good roads. Guilford invested $300,000 in highways and certainly that is big enough business to have somebody on the job to keep it from being neglected. If Guilford were to build a $300,000 railroad she surely would be expected to take care of it.

IT IS A DEMOCRATIC YEAR.

The time will soon roll around for the National Democratic convention to meet in Baltimore, for the 25th of June will be on us before we hardly realize it in these exciting days of a Presidential campaign with such interesting fights for the nomination within the ranks of both political parties.

Already the political statisticians are casting about to ascertain the probabilities of electing a Democratic President against either Taft or Roosevelt. The next Electoral College will consist of 531 Presidential electors, and it will require the votes of 266 to elect a President. The Middle and Western States will furnish 240 electors, and the Solid South (proper) will have 175, although West Virginia, New Mexico and Arizona are classed with the South, with 14 additional votes—say 189 for the entire South. The West, beyond the Mississippi, will have only 102 votes, so it will be seen that it will take the East and part of the West to elect a Republican President, or the Solid South, and all the West to elect a Democratic President, or either the strictly Southern States and some of the Northern and Western States to put a Democrat in the White House.

The States known as the Solid South proper are Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia, with 175 votes in the electoral college. Assuming that they will all be for the Democratic candidate, he will lack 91 votes to be picked up in the North or West. If New York goes Democratic she would furnish 45, and Ohio might come along with 24 and Indiana with 15, leaving only seven votes to get in the South or West.

Leaving New York to the Republicans, the Democrats would have to carry Ohio, 24; New Jersey, 14; Indiana, 15; Colorado, 6; Nebraska, 8; Connecticut, 7; with three to come from some other State.

It is figured out that the chances for a Democratic President are big if Taft is nominated, for it is said that he is certain to lose at least five States in the West. It is said, however, that if Roosevelt is nominated, he would sweep the West, but he would have a hard fight to carry many States in the East and he would get none in the South. So far as the present outlook is concerned, the political statisticians figure it out that the best chances are with the Democrats.

HARD TO DOWN AN EDITOR.

The Star is glad to note that the condition of Editor Josephus Daniels, of the Raleigh News and Observer, is satisfactory to the attending physicians and that he is on the road to recovery. About two weeks ago Mr. Daniels underwent a rather complicated operation at Rex Hospital, and necessarily his recuperation has been rather slower than was anticipated. However, we infer that the indefatigable editor is largely to blame, since he would not entirely free himself from the exertions and anxiety required to keep in touch with events so as to practically keep on the job in getting out his excellent paper.

Mr. Daniels' convalescence has been retarded by the repeated recurrence of fever, but his physicians observe that upon the whole there is no occasion for anxiety. The editor insisted upon reading and giving his attention more or less to the details of a large and complicated business while he is confined to his room, and thus he is a more or less refractory patient for doctors who largely depend upon keeping their patients as quiet as possible. Nevertheless, they hope to set him upon his feet in a couple of weeks if they can manage to hold him down awhile. We are sorry for the doctors, but we are glad to be assured that the News and Observer's editor will be turned loose in better shape in a few days.

Mr. Daniels is a newspaper man of extraordinary energy and remarkable initiative and he is an editor with alert mind and keen ability. It so happens sometimes that the physical machine gets run down while the dynamo wants to keep going, but the tireless brain worker and steady achiever may as well switch off sometimes and give the boys in the shop a chance.

The Star wants to see Editor Daniels "come back" in great shape, for even though he be out of commission for a brief period he can ill be spared from the great work that he is doing for North Carolina. Here is hoping for him a steady convalescence and the early realization of complete recovery.

CURRENT COMMENT.

All around the town can be seen the results of the campaign the City Beautiful Club has been carrying on. People are paying more attention to their lawns, and grass plots are being looked after between the sidewalks and the curb.—Newbern Sun.

Lest the American people get too exalted an idea of his character and statesmanship, Colonel Roosevelt explains that in many respects he is really no better than Lincoln. But the A. P. will never believe it—never.—Kansas City Journal.

A contemporary asks: "Can a greater menace be imagined than this one Roosevelt?" Yes; suppose he had been born twins. — Cincinnati Commercial Appeal.

Reading has a co-operative store, in which 300 families hold stock, and other stores of the kind are about opening at Altoona and York.—Chester (Pa.) Republican.

Western North Carolina is whooping it up for Roosevelt. Morehead sits steady in the boat for Taft. Marion Butler is said to be ready to climb onto the Roosevelt carry-all. But National Committeeman E. C. Duncan is silent in seven languages.—Raleigh News and Observer.

Newspaper literature is delightful to Democrats these fine days. The Presidential campaign that is now opening promises to diffuse more happiness among the long-suffering than they have felt in many years. The Republicans are telling the truth on each other.—Jacksonville Times-Union.

Wilmington is to have a "civic" day soon. We would like to see Durham set aside a day for this busines. We would see the benefits for years to come. Ex-Governor Aycock used to say that it took education and long years to produce the Irish potato and it takes constant agitation on any subject to bring action and success.—Durham Sun.

It is now understood that Thomas Settle will manage the campaign of Mr. Taft in North Carolina. The State will be controlled by Roosevelt followers. Mr. Settle is promised a foreign appointment in case Mr. Taft again wins. Mr. Z. V. Walser, of Lexington, will lead the Roosevelt forces and it is said will be named as candidate for Governor. It is a well-known fact that the man who sacrifices himself as a candidate for Governor on the Republican ticket is to be cared for, and there is generally more money in losing than in winning. The fight in North Carolina will be a bitter one, as both factions are going to give war. Mr. Butler is a Roosevelt shouter and will join in the din of battle.—Durham Sun.

Perhaps the greatest single need of this country is a larger development of the live stock industry on practically every farm. And of live stock the cow, and hog-raising industry should take precedence. Hog-raising for the sake of meat at home as well as for the market; cow-raising both for beef and for milk and butter; and both of these and other lines of the industry for the sake of manure and soil improvement. Should our people devote more attention to this general industry, they would find their lands improved, their household comforts increased, their farming more lucrative and more attractive. We would be glad, if under the head of furthering the interests of the domestic arts, the Woman's Club could arrange to stimulate milk, and butter-making amongst the rural homes.—Kinston Free Press.

REPUBLICAN CONVENTION.

Sixth District Members of G. O. P. to Assemble in Fayetteville.

Whiteville, N. C., March 13.—The following call for the Sixth District Republican Convention has been issued:

"Pursuant to a resolution passed by the Republican Congressional Executive Committee of the Sixth Congressional District, on the 28th day of February, 1912, a Republican Congressional Convention for the Sixth Congressional District of North Carolina, is hereby called to meet in the city of Fayetteville at 12 o'clock noon, on Wednesday, May 8th, 1912, for the purpose of electing two delegates and two alternates to the National Republican Convention, which convenes in Chicago, Illinois, on June 18th, 1912, to nominate candidates for President and Vice President of the United States.

"The basis of representation in the Congressional Convention is the same as in the State Convention.

"This February 28th, 1912.

"IRVIN B. TUCKER,
"Chairman.

"S. M. KING, Sec."

DISGRACEFUL SCENES.

Revelers at a Dance Leave Souvenirs in Wake.

Rocky Point, N. C., March 13.

Editor Star:—I wish you would publish the following:

FOUND—A pint of whiskey, some half-score of empty bottles, and a two-gallon jug which some gentleman (?) left upon the school property the night of the dance. Owners will please call and claim.

It is a discredit to any self-respecting young man or decent girl to have anything to do with affairs of the above kind, and the community ought to discountenance such a bacchanalian revel. Any girl ought to feel insulted to be invited to it. It is not only an insult to a pure girl, but to the community to have anything of the kind within the shadows of its homes. Think of the moral atmosphere of those homes and of the school being contaminated by examples of the kind held before them!

WALTER F. McCANLESS.

ROCKY POINT PARAGRAPHS.

Death of Mr. Porter Deplored—Personal News Notes of Interest.

(Special Star Correspondence.)

Rocky Point, N. C., Mch. 13.—The death of Rev. Judson Porter cast a gloom over this community where he was well known and spent considerable part of his young manhood. He has passed away through much tribulation and suffering to a better and brighter world. He was beloved by all who knew him. "Peace to his ashes."

The weather appears to have cleared up with brisk winds and rising sap will soon dry the lands so early corn can be planted.

Miss Ray Stolter, of Wilmington, is visiting Mrs. Anne H. Martin.——Miss Lula Boyd, an accomplished and charming young lady, of Hamlet, is visiting her brother, Mr. Clifford Boyd at the Excelsior farm and with the Misses George is out boat riding on the Northeast river.

There is a large freshet in the river and steamers can easily make Chinquapin and return.

TARIFF BOARD'S REPORT

To Present Summary of Its Findings On Cotton Industry

Washington, March 13.—The Tariff Board will present to President Taft tomorrow night or Friday a summary of its report on the cotton industry. Upon this summary and personal conference with the board, the President will base his message to Congress dealing with the cotton schedule. The President's message and the board's full report will probably go to Congress Monday.

The Tariff Board's report will deal entirely with the difference in cost of cotton in this country and abroad and will not suggest changes in the tariff.

TAKEN ILL AT OFFICE

Having Spent Several Hours Lying On the Floor, This Young Lady Finally Succeeded in Getting Home—Back to Work in Two Weeks

Norfolk, Va.—"For over a year I suffered with a pain in my left side," writes Miss Trix Cooper, of this city.

"One day I was taken sick in the office and, being alone, had to stay.

I walked the floor, lay down on the floor on newspapers, sat in a chair almost doubled, and finally the pain got so severe, I could stand it no longer, so I closed the door and went home.

I stayed in bed for two weeks on the flat of my back, and couldn't even move my foot.

Being disgusted with trying doctors' medicines, poor mother, after trying everything that could be thought of, finally came into my room with a bottle of Cardui, the well-known woman's tonic.

Before I had taken one-third of the first bottle, I began to improve, and before a week had elapsed, I was able to turn over in bed alone.

I constantly grew better, and in less than two weeks, I was at work again.

Cardui certainly did all it claimed for me."

For quick relief from all forms of womanly trouble, Cardui has been found to have no equal.

Are you a sufferer? Cardui is probably the medicine you need. Try it.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

TO THINK OF ONE IS A REMINDER of the OTHER

WAREHOUSE AT WILMINGTON

However. Farmers' Union Does Not Contemplate "Central Warehouse" and First Offer is Withdrawn, Another Made.

Following a statement of Mr. J. Z. Green, organizer of the State Farmers' Union, that it was never the purpose of the organization to erect one central or general warehouse, as was thought by the business men of Wilmington, but to have a chain of medium-si ed warehouses, one probably to be located in this city. the Manufacturers and Business Enterprises Committee of the Chamber of Commerce, in session yesterday morning, voted to withdraw its offer of a 10-acre site and 25 per cent. of the capital stock in the enterprise. but agreed to give a site, number of acres not stated, and possibly to take some stock when the Union is ready to build one of its several warehouses in this city.

Mr. E. C. Holt, chairman of the committee, presided, and other members present were Messrs. Hugh MacRae, C. VanLeuven, B. F. Keith M. S. Willard, E. H. Clark, John VanB. Metts, A. B. Skelding, and Duncan McEachern. Mr. Howard B. Branch, secretary of the Chamber of Commerce, was also in attendance. Mr. Green made a statement in which he said that he thought that he and Dr. Alexander, of Charlotte. in discussing the matter before the Chamber some weeks ago, made it clear that the organization did not contemplate the erection of a central or general warehouse, but that there would be three or four warehouses. He thought it practically certain that Wilmington will get one of the warehouses and that possibly the largest one will be built here on account of this city's geographical location. Mr. Green said that Wilmington is the only city that has received serious consideration before the advisory council. Another meeting of the advisory council will be held at Greensboro March 20th, when plans of the Union will be further considered. After the remarks of Mr. Green the Chamber of Commerce committee took the action outlined above.

Before leaving in the afterncon for his home at Marshville, Union county, Mr. Green gave out the following interview:

"Everybody has been encouraging farmers to produce things more abundantly. And our farmers have been learning the lesson well, and they are still learning. In fact, the size of the last cotton crop shows that we have learned how to overdo the thing so far as cotton production is concerned. Anyway, we produced more cotton than could be sold profitably under the present method of distribution. It may not be more than the consuming world actually needs, but it is more than the world will take at a profitable price to the producers. I was in a conference at Raleigh recently with the Commissioners of Agriculture of North Carolina and South Carolina to discuss the so-called 'Rock Hill Plan' of reduction of acreage, the underlying principle of which is simply negative action. The 'plan' is not complicated and there is nothing in it now to merit the rather extended comment and publicity that has been accorded it and its promoters.

"In our conference at Raleigh I called the attention of our Commissioners of Agriculture of the two States to their dual attitude in first spending hundreds of thousands of dollars of tax money (paid in by farmers in the form of fertilizer tag taxes, etc.) to teach farmers how to produce bumper crops and then follow up the work by soliicting donations to pay expenses of another crowd to go around and tell farmers not to do the very things which it had cost hundreds of thousands of dollars to teach them how to do, and that it looked like double taxes. This was done not in the nature of personal criticism, but to call attention to the weak point in our agricultural departments and colleges in neglecting to teach, along with economic production, the kind of agricultural economics that deals with the distributing or marketing side of the business of farming.

"While there is no immediate probability of producing more corn in the South than is needed to meet economic demands, I have been wondering, if we keep on making progress in corn production, whether it will eventually become necessary to get up a 'plan' to reduce the acreage in corn—if we keep on stressing the producing side of the business of farming to the neglect of the other important essential of systematic and economic distribution, which means as much, both to the producer and consumer, as economic production. In the latter part of the year I was told that Suffolk pork packers were refusing pork from North Carolina at six and a half cents a pound, which means that if there wasn't an overproduction of pork there was faulty distribution that hit pork producers a hard blow.

"The educational campaign of the Farmers' Union has been conducted on the fundamental idea of "Live-at-Home" first, and at our last meeting at Wilson the convention went on record in favor of the application of this idea when it adopted the report of the committee on diversification, written by Mr. S. H. Hobbs, of Sampson county, recommending that each member of the Farmers' Union plant at least as many acres in cultivated food crops as he plants in cotton and that this policy should be permanently adhered to. This goes to the bottom of the individual economic error of planting any kind of 'money crop' with the expectation of buying a living at the stores with the proceeds. It is not a temporary expediency like the 'Rock Hill Plan', but a safe plan designed to cure the panics that are periodically caused by bumper cotton crops.

"In our proposed chain of distributing warehouses for the systematic distribution of not only cotton, but as many of the diversified products of North Carolina as practical, under cooperative selling, we realize that it must develop slowly to be successful and permanent, and it would hardly be practical or desirable to build warehouse plants larger, at the beginning, than the probable patronage and demand will seem to justify, and while the peculiar geographical location of some cities will, no doubt, develop the business into such proportions as to eventually maintain the biggest warehouse, which will look, ton in comparison, like the 'central warehouse,' it is the opinion of the promoters that economic distribution can not be obtained from any location. In taking out the charter it was necessary to name, at least, a temporary location for the office of the corporation and Raleigh was selected as the temporary location of merely the office. No decision has yet been reached as to the place where the first warehouse under this charter will be built. The advisory council will hold another meeting at Greensboro March 20th and 21st, to further consider these matters. So far as I can ascertain, there is no dissention among members of the Council that it will be necessary to have a warehouse at Wilming-

Will you raise it?
Can you raise it?
Are the questions that we hear.
Will you raise it?
You must raise it,
If that edifice you rear.

Do you know it?
You must know it.
This is not an idle jest,
You'll be sneered at,
Ycu"l be jeered at.
Through this country east to west.

Do you see it?
You must see it,
How the world around looks on.
She is timing,
I am rhyming,
Wait not till the chance is gone.

You will build it.
You will gild it,
Keep her happy while you may,
You will build it,
You will gild it,
You'll not feel her scornful day.

You can do it.
You will do it,
Or you're doomed to lasting shame.
Your fair city
You will pity
When you know you've smirched her name.

Could not raise it,
Would not raise it,
You will hear the sneering hiss,
Could you stand it?
Would you stand it?
Bring your pride to bear on this.

You could build it,
You would build it,
If it cost ten times as much.
You're too crusty,
Old and rusty,
Yes, her verdict would be such.

HOW ABOUT THAT Y. M. C. A. FUND?

POSTOFFICE STATISTICS

Interesting Information Compiled by Postmaster Thos. E. Wallace In Response to Request From Postmaster Gen.

Postmaster Thos. E. Wallace, in response to a recent request from Postmaster General Hitchdock, has recently compiled some most interesting data concerning the work of the carriers at the Wilmington postoffice, during a period of six days, beginning March 4th and ending March 9th, 1912.

The figures were desired presumably by the Postmaster General in his general campaign for economy and efficiency in the service and the data furnished by Mr. Wallace is most comprehensive and interesting. The total number of carriers in the city is 16, of which three are mounted and one is engaged exclusively in collecting. The estimated number of square miles within the delivery limit is 2.95 and the estimated population within the delivery limit is 30,770, which differs from the 1910 census, but is undoubtedly more correct, the latter figures having been 25,748. The average number of persons served by each carrier was 1,823 and the average number of places of possible delivery per carrier was 498. The number of street letter boxes in use is 84 with two package boxes and one combination box. The percentage of residences provided with mail receptacles was 1.6 and the percentage of business places 1.7.

In deliveries and collections the average time consumed daily per carrier was 7.58. The number of pieces of letter mail, cards and circulars handled as letter mail, routed per minute per carrier on Wednesday, March 6th, was 10 1-3; number of pieces of mail of all classes, including letters, cards and circulars as above, routed per minute per carrier on Wednesday, March 6th, 1912, was 8 2-15. In answer to the query do carriers forward mail, the answer was in the affirmative. The average total time per carrier consumed weekly in forwarding mail is 12 minutes.

There is aslo a statement of daily averages for work described for the six days and the number of carriers engaged therein, delivery men only.

The number of two-trip delivery carriers is 5 and three-trip delivery carriers 10. The average daily office time of the former was 1.59 and the latter 2.36. The average weight in pounds of letters, cards and circulars delivered daily per two-trip carrier was 4 3-5; three-trip carrier 9 4-5. The average weight in pounds of all mail, including letters, cards and circulars delivered daily by two-trip carriers was 28; three-trip carriers 70.7. The average number of pieces of mail, letters, cards and circulars delivered daily by two-trip carriers was 290; three-trip carriers 477. The average number of pieces of mail of all classes including letters, cards and circulars delivered daily by two-trip carriers was 431; three-trip carriers 721. The average number of stops made daily by two-trip men was 260; three-trip men 342. The average number of miles traveled daily by foot men was 8 3-5; mounted men 13 1-2.

Number of carriers engaged in making deliveries and the character of territory served: Two-trip men, residence district 5; three-trip men, residence district 5; three-trip men, mixed business and residence district 5. Number of collections scheduled to be made daily in residence district was from two to four. In mixed business and residence district from three to four.

As to Sunday service, one carrier is employed in collection and his average time is four hours. There are three active substitute carriers. The average monthly compensation per man of substitutes on active list was $47.25.

Postmaster Wallace calls special attention to the very small percentage of residences and business places provided with mail receptacles, and urges that the patrons of this office will assist the postal service by installing such receptacles, at once, without waiting for the proposed law, which is quoted below, to become effective.

"That after December 31st, 1912, delivery of mail by city letter carriers shall be made only at such residences and places of business as provide at the door of entrance suitable receptacles for its deposit."

BASKETBALL GAMES.

Two Interesting and Exciting Contests at Boys' Brigade.

Two exciting games of basketball were played at the Boys' Brigade last night between teams of Class B. League. The Wanderers met and defeated the Rustlers after one of the most strenuous games of the season. At the end of the second half the score was a tie and in the play-off the Rustlers scored one point on a foul made by Capt. Bornemann, of the Wanderers. At this stage of the contest the excitement was running at fever pitch, when in a garrisonian finish A. Page succeeded in caging the ball and cinching the game for the Wanderers by the score of 15 to 14.

In the game between the Rattlers and the Hustlers the latter won their first game of the season in a clean game, well played and very interesting from every standpoint. The score was 29 to 21.

The next game of interest is that between Companies A and B tonight. This will be the fourth game of a series of seven to be played. The Company B team has won two and Company A one game. Both teams are in fine condition and a good game will be played. Company C team and a picked team will also play a game. The public is invited.

SUES FORMER PARTNERS

Mr. J. M. Woolard Brings Civil Action Against Dr. Chas. T. Harper and Recorder J. J. Furlong—Complaints Filed.

Two civil actions were instituted and complaints filed in Superior Court yesterday, Mr. J. M. Woolard being the plaintiff in both, while the defendants in one are Dr. Chas. T. Harper and Recorder John J. Furlong, and the defendant in the other is Recorder Furlong individually. The three men were formerly co-partners doing business under the firm name of Woolard & Furlong, more recently known as Furlong & Co., engaged in sanitary cleaning, etc., and the plaintiff alleges that he has never had a settlement with his former partners and is suing for an amount claimed to be due him.

It is set forth in the complaint of the first named action that on June 17th, 1907, the plaintiff and the defendants entered into a co-partnership for the purpose of carrying on the business of sanitary cleaning, contracting and building under the firm name of Woolard & Furlong; that the co-partnership continued until January 1st, 1908, but there has been no settlement between the parties, although a settlement of the account has been repeatedly demanded by the plaintiff of the said defendants, it is averred; that all assets were and are in the possession of the defendants; that there is due the plaintiff by the defendants $260.30 with interest from January 1st, 1908.

In the case against Recorder Furlong individually it is alleged that on January 1st, 1908, Dr. Chas. T. Harper withdrew with the consent of the other parties and the business was then conducted by Woolard & Furlong as equal co-partners from January 1st, 1908, to August, 1909; that under the term of their co-partnership agreement the books and accounts were kept by the said defendant Furlong; that the plaintiff demanded from time to time from the said Furlong an accounting between them, which, it is alleged, the defendant had refused and still refuses to make; that the plaintiff is informed and believes, and so alleges, that the books of the co-partnership show a profit of $4,664.24, of which plaintiff is entitled to one half or $2,332.12, less amount drawn by him of $1,284.46, leaving a balance due him of $1,047.66. with interest from August 31st, 1909; that there is about $243 in the bank to the credit of the firm, which neither party can draw and the defendant refuses his consent to it being paid to the plaintiff; that there are six carts and harness, two wagons and other materials which are in the possession and use of the defendant, valued at $150 or $200, which belonged to the plaintiff and the defendant jointly as part of the assets of the said firm.

As a second cause of action it is set forth in the complaint that Woolard & Furlong bought with funds of the firm on March 19th, 1908, a tract of land, now in the name of defendant Furlong, and conveyed to him by S. P. Cowan, Sheriff, deed dated March 9th, 1908, property being on the north side of Queen street, 80 feet east of Second, 42x66 feet in size.

The plaintiff therefore prays judgment against the defendant Furlong, for an undivided half interest in the aforesaid described land, they having been purchased, it is claimed, in the name of the defendant as trustee of said co-partnership, but the defendant has refused and still refuses to convey to him an undivided half interest therein; for $1,047.66 with interest from August 31st, 1909; that a referee be appointed to make an accounting between the parties and the plaintiff have judgment for such further sum as may be found due him; that the defendant be required to account for the fair value of the personal property aforesaid or the same be sold for the benefit of the co-partnership; that meanwhile the defendants be restrained from disposing of the aforesaid property.

Iredell Meares, Esq., and son, Geo. Meares, Esq., represent the plaintiff in both actions. The answer to the complaint has not been filed; therefore the other side of the controversy does not yet appear.

THE RECORDER'S COURT.

Few Cases Were Tried at Yesterday's Session—Details.

A. D. Herring, colored, one of the negroes who was arrested at the plant of the American Agricultural Chemical Company on Monday when a large number of laborers went on a strike, yesterday in the Recorder's court entered a submission to the charge of carrying a concealed weapon. A fine of $25 and costs was imposed. Wm. Murry, colored, who was arrested at the same time on a similar charge, will be tried today.

Juanita Byrd, an inhabitant of the colored underworld, was charged with an assault with a deadly weapon upon Rosa Tyson another black soiled dove. It was alleged that Juanita fractured a beer bottle over the kinky cranium of Rosa. R. F. Brooks, Esq., relieved the prosecuting attorney and conducted the prosecution himself. The defendant was found guilty and was fined $10 and the costs. The case came up from Justice Bornemann's court.

Though Thomas Miller, colored, confidentially assured the court that he "aint never cussed yit", he was fined $10 and costs for disorderly conduct. The negro was arrested by Sanitary Policeman Melton.

William Nixon, colored, who was arrested on suspicion by police officers, was charged later with vagrancy. A nol pros was taken.

First Regular Meeting Tonight.

The first regular weekly meeting of Cape Fear Tent, Knights of the Maccabees of the World, since the institution of the tent last Thursday night, will be held in the old Odd Fellows' hall tonight. A number of charter members who found it impossible to be present last Thursday night expect to receive instructions in the work tonight. The degree team held its first meeting and practice last night and will soon be ready for initiation work.

FORMAL TRANSFER MADE

Einstein Bros., Purchase Donlan Property on North Front Street

Confirming an account of the transaction which appeared in The Star several weeks ago, a deed was filed yesterday at the office of the Register of Deeds, whereby Mrs. Margaret M. Donlan transfers to Louis Einstein, as trustee, for the sum of $20,000, a lot on Front street, 130 1-2 feet south of Red Cross street.

The property is located on the eastern side of North Front street, opposite the general offices of the Atlantic Coast Line Railroad. It adjoins the Hanson flats on the north and the Sternberger building on the south, and at the present time there are two residences on it. The property is a very valuable piece of Front street realty.

It is understood that Einstein Bros., will erect a handsome building there to be occupied by their large wholesale dry goods and notions business, which at present is located corner of Front and Grace strets.

Other deeds were filed yesterday as follows: J. J. Farrow and wife to Daniel D. George and wife, for $75, tract in Masonboro township, at the mouth of Purviance Creek; Nonie F. King and Mrs. Katie B. Corbett to B. C. Lloyd and wife, for $100, lot No. 3 in Block 5, Love Grove.

CHAMBER OF COMMERCE

Regular Monthly Meeting Will Be Held This Afternoon

The regular monthly meeting of the Chamber of Commerce will be held at 4 o'clock this afternoon. There are a number of matters of interest and importance to be considered and all members are urged to attend. The Chamber will probably be called upon to adopt a resolution calling attention of North Carolina's Senators and Representatives in Congress to the fact that it will be necessary to have an appropriation of $100,000 to continue the improvements of the harbor and Cape Fear river already provided for by the Rivers and Harbors Act of June 25th, 1910. A few days ago Mr. M. J. Corbett, president of the Chamber of Commerce, and Mr. James Sprunt, chairman of the Board of Commissioners of Navigation and Pilotage, wrote Senator Lee S. Overman calling his attention to the need of the $100,000 to continue the work and it is also desired to have a document go to Washington authorized at a meeting of the Chamber.

Plan for Men's Meeting.

Following the weekly prayer services at Fifth Street Methodist Church last evening, a meeting of the men of the church was held, at which time plans for a series of meetings for men by the men of the congregation were discussed. It was decided to hold the series during the first week in April. Much interest was manifested in the proposition and it is expected that the series will be the means of accomplishing much good.

INTEREST IN REVIVAL.

Powerful Sermon at First Baptist Church Last Night.

Evangelist T. T. Martin preached a strong and soul-stirring sermon at the First Baptist Church last night on the subject, "Where the Lights Go Out on the Road to Hell." The congregation was large, practically every seat in the church being taken, and the discourse held the closest attention of all. The main thought of the sermon was that there are times in a man's life when the Holy Spirit leaves him and never comes again to get him to turn away from sin to Christ.

Mr. and Mrs. Scholfield pleased the congregation again last night with several songs. The singing is one of the features of the meeting. Since the revival began there have been 12 accessions to the church. There will be service again this afternoon at 3:30 o'clock and tonight at 8 P. M. The subject tonight will be "What the Bible Means by 'Believe on Christ'."

FUNERAL OF MISS SAVAGE.

Held Yesterday Afternoon From First Presbyterian Church.

The funeral of Miss Isabel Savage, whose death occurred at the family residence, No. 120 South Third street, Tuesday evening, was held yesterday afternoon at 4:30 o'clock from the First Presbyterian Church, of which the deceased was a consistent and devoted member. Rev. Dr. J. M. Wells, the pastor, conducted the services, which were attended by a large number of sorrowing friends.

Following the services at the church the remains were tenderly borne to Oakdale cemetery, where the interment was made. Many handsome floral designs covered the mound, attesting the love and esteem in which the deceased had been held. The pallbearers were Messrs. Donald MacRae, Chas. C. Chadbourn, W. M. Cumming, A. M. Hall, Martin S. Willard, M. Cronly and J. W. Little.

STRAW BALLOT AT UNIVERSITY.

Wilson Leads the Democrats, Roosevelt the Republicans.

Chapel Hill, N. C., March 13.—A straw ballot for President of the United States has been held by the University. The polls were open from 10 A. M. until 4 P. M., and students and faculty alike were busy in exercising their rights as citizens of the college community. Wilson received 84.9 per cent. of the Democratic vote. Each voter was allowed a first and second choice. There is only one suffragette in college, she, however, represents 50 per cent. of the co-eds. She voted the leading ticket, Wilson first, Underwood second. One of the striking things of the election was that Roosevelt polled over twice as many votes as Taft for first choice. From the faculty Roosevelt received two votes to one and from the students 55 to 20. A total of 492 ballots were cast at the election.

Glorious News.

comes from Dr. J. T. Curtiss, Dwight, Kan. He writes: "I not only have cured bad diseases of eczema in my patients with Electric Bitters, but also cured myself by them of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. It's an excellent remedy for eczema, teter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Price 50 cents. Satisfaction guaranteed by Robt. R. Bellamy.

MILAM
Contains no Potash no Calomel or MERCURY MILKY FORM contains no Alcohol no Opium Morphine Strychnine Arsenic or other dangerous ingredient
How to avoid dangerous medicines
Just read the labels

Read the Labels. The pure food and drug law was designed for the protection of all, but it only protects those who read labels.

The law prevents false claims—on the labels—not in the advertising. The law makes the label tell if the medicine contains alcohol. Not so in the advertisement.

Read the Label

The law specifies a list of such drugs as are considered dangerous unless prescribed by a physician, such as opium morphine, cocaine, acetanelid, canabis indica, chloral, arsenic, strychnine, etc., and makes the LABEL tell if any of them are contained in the medicine. The advertising does not have to. Therefore when buying medicine **Read the Label** The next time you are inclined to buy a tonic or a remedy for any of the ills that come from impure, impoverished or acid blood, ask your druggist to let you read the label on a bottle of MILAM. This preparation has no rival. If you suspect any other preparation of being in its class, *Read the Label.* Look for a guarantee of benefit. Look for ALCOHOL and other dangerous and habit forming ingredients. Any preparation can claim what we claim in their advertising: NONE CAN on their labels.

READ THE LABELS!

MILAM FOR GOOD BLOOD

SOCIAL & PERSONAL

Mr. and Mrs. W. E. Winteroth, of New York City, are visiting at the home of Mr. and Mrs. E. H. Bowdoin, No. 617 Red Cross street.

* * *

The meeting of the Literature Department of Sorosis which was to have been held this afternoon has been postponed until a date which will be announced later.

* * *

Mr. Harry P. West left last night for New York City, where he has been living for the past year, after a pleasant visit of several weeks to relatives and friends in this city.

* * *

Mr. W. L. Walker, who is connected with the Bremen, Ga., office of Alex. Sprunt & Son, is in the city visiting his parents, Capt. and Mrs. John M. Walker, and is being pleasantly greeted by many friends.

* * *

This evening from 8 to 11 o'clock the ladies of Trinity Methodist church, corner Ninth and Market streets, will conduct a sale in the basement of the church of oysters, ice cream, candy, coffee and fancy work. They hope to have a liberal patronage.

WEDDING TUESDAY AT LATTA OF INTEREST HERE.

A wedding of interest to a number of friends in this city and other points in North Carolina was solemnized at Latta, S. C., last Tuesday at the home of the bride's parents, when Miss Elizabeth Pope became the bride of Mr. E. G. Wells. The bride is one of the most popular young ladies of Latta and the only daughter of Mr. and Mrs. S. Pope. The groom is a well known young railroad man, formerly of North Carolina, but has for the past few years been making his home at Birmingham, Ala. Immediately after the ceremony Mr. and Mrs. Wells left for Jacksonville, Fla., and other points South on a bridal tour. They will be at home to friends at No. 2231 Fifth avenue, Birmingham, Ala., after March 21st.

* * *

A PRETTY WEDDING CEREMONY AT MAGNOLIA.

Magnolia, N. C., Carch 13.—A very beautiful wedding was celebrated at Magnolia Baptist church, Magnolia, N. C., on the night of February 21st, when Miss Allie Swinson became the bride of Mr. Theodore Malloy Rogers, of Drake, S. C. The church was beautifully decorated for the occasion, and long before the hour for the ceremony arrived the church was filled with friends of the young couple.

Promptly at 8 o'clock the bridal party entered the church to the strains of Lohengrin's Wedding March played by Miss Annie Carroll, of Warsaw. First came the ushers, Messrs. Frank Barden and Leonard Sanderson, entering by different doors and crossing at the altar. The bridesmaids and groomsmen followed, also entering by different doors and crossing at the altar; Miss Rosa E. Johnson, of Durham, with Mr. Albert Swinson, of Wilmington; Miss Lanie Barden with Mr. P. J. Heath, both of Magnolia; Miss Pattie Swinson, with Dr. B. H. Kyle, of Magnolia; Miss Jessie Herring, of Garland, with Mr. Polk Swinson, of Wilmington.

The bridesmaids were becomingly gowned in blue and carried pink carnations. The dainty little flower girls, Misses Elizabeth Johnson and Olivia Pickett, dressed in white silk, scattered flowers in the pathway of the bridal couple. The bride entered with her dame of honor, Mrs. Leroy Swinson, of Macon, Ga. She was beautifully attired in white duchess satin, trimmed in pearls and lace, and her veil was caught up with orange blossoms. She carried a lovely bouquet of brides' roses. The dame of honor was handsome in pink marquisette over messaline and carried pink roses.

The groom came in with his best man, Mr. J. W. Drake, of Drake, S. C., and met the bride at the altar. As the strains of "A Melody of Love" floated softly through the building, the impressive words which made them husband and wife were pronounced by Rev. J. H. Booth, pastor of the church, the ring ceremony being used. The bride is the charming daughter of Mr. and Mrs. H. M. Swinson, and is an accomplished musician, and loved by everyone. The groom is a prominent young business man of South Carolina, liked by all for his sterling character and ability. Immediately after the ceremony the couple left for Drake, S. C., where they will make their home, followed by the best wishes of a host of friends.

Mr. and Mrs. Rogers were the recipients of many handsome presents, showing the high esteem in which they were held. The groom's gift to the bride was an exquisite pearl brooch.

Among the out-of-town guests who attended the wedding were Mr. and Mrs. W. F. Rogers and son Benjamin, Mr. and Mrs. C. S. Chaffin, Messrs. Z. A. and J. W. Drake, Misses May Drake and Bepple Rogers, of Bennettsville, S. C.; Mrs. J. H. Swinson, Mr. A. F. Swinson, Mrs. A. B. McNair, Mr. and Mrs. E. Cavanaugh, of Wilmington; Miss Pattie Swinson, of Kinston; Miss Rosa Johnson, of Durham; Mr. and Mrs. J. O. Herring, Miss Jessie Herring, Garland; Miss Annie Carroll, Mortimer, N. C.; Mrs. Leroy Swinson, of Macon, Ga.

DIED MARCH 12TH, 1912. Isabel Savage.

Rest weary soul, thy faithful labors done,
Henceforth for thee a crown, most nobly won,
And bliss eternal on that Heavenly shore
Will bless thy modest presence evermore.

TWO MILLINERY OPENINGS

Handsome Displays of Spring Goods At Platt & Haar's Department Store and At Taylor's Establishment — Details

Forerunning even the blue birds and the green grass as harbingers of the gentle Spring, the initial millinery and dry goods openings of the season were held yesterday, one at the department store of Messrs. Platt & Haar and the other at Taylor's, on Market street, and, of course, both were largely attended by the fair feminine folk.

Some years ago a well-known literary gentleman ran his hands through his tangled mop of hair in a preparatory manner and then gave birth to a thought beginning, "In the Spring a Young Man's Fancy, Lightly Turns to Thoughts of Love." That he was right is attested by the large crop of divorces every year, but it would have been a still safer bet for him to declare that in the Spring the feminine fancy lightly (?) turns to thoughts of millinery openings and new bonnets.

At Platt & Haar's department store, the building was crowded throughout the day with the callers, who came to inspect the many beautiful designs on display. The millinery department is owned by Mrs. C. W. Leighton and she is assisted by Miss Blanche Ellett, as trimmer, and several other young ladies. All were kept busy yesterday displaying the modish creations to the best advantage and taking the orders of the many pleased customers who made their selections. The visitors expressed themselves as delighted with the large variety of the latest shapes and styles, as well as the wide and tasteful range in the trimming effects.

New goods of the latest fashion grace every department of the Platt & Haar store and the proprietors were the recipients of many kind words of approbation and approval from their customers yesterday. The dress goods, trimmings, drapery and art departments are all attractive with new goods and all were thronged with interested spectators during the day.

The opening will continue through today and a most cordial invitation is extended by the proprietors to all the ladies of Wilmington.

At Taylor's

From early in the morning until closing time, Taylor's millinery establishment at No. 114 Market street, was crowded with visitors and Mrs. Hattie Taylor Schiller, who is in charge, assisted by a number of other young ladies, was busy welcoming the callers and in displaying the many handsome hats on display, and the concensus of opinion semed to be that the line was one of the handsomest in the city. Many of the ladies placed orders for the styles they preferred and still others found it difficult to choose from the large stock and reserved their choice until later. The dry goods department is also stocked with new goods and it, too, received much attention. The opening will not be concluded until this evening, and all visitors are assurred of a most sincere welcome.

ELKS TO GO TO NEWBERN

Will Attend State Convention There Today—Return Tomorrow

Past Exalted Rulers J. F. Leitner, H. E. Longley and Louis Goodman left yesterday afternoon for Newbern to be present at the opening session of the State Convention of Elks, which convenes there today. They will be joined this morning by about 50 local Elks who will leave on a special Pullman attached to the morning train on the W. & N. Railroad. A major portion of the party occupied the Pullman last night.

Wilmington Lodge, No. 532, will have one of the largest delegations of any lodge in the State and hopes to prove an active competitor for the handsome loving cup valued at $200, which will be offered to the lodge in the State making the largest and finest representation in the great parade which will be a feature of the convention. The local Elks expect to return tomorrow at noon.

The delegation will make a strong effort to secure the next meeting of the convention for Wilmington and have dates in July selected as the time of meeting. There is very little doubt but that the invitation to meet in this city will be accepted.

MEETING MOVED UP.

Date Set Forward for Gathering of Demonstration Agents.

The date for the meeting in this city of the United States Department of Agriculture's co-operative demonstration agents in North Carolina, which was set for April 2nd, 3rd and 4th, has been changed to March 26th, 27th and 28th, and preparations are being made to entertain the visitors.

It is expected that practically all the demonstration agents in North Carolina will be in attendance on the meeting. The sessions will be held in the rooms of the Knights of Pythias, corner Front and Chesnut streets, which have been secured for the purpose. The meetings are open and all farmers from the surrounding section, as well as the public generally, will be welcome.

Old-Fashioned Cough Remedy

Best Remedy for Coughs, Colds, Lung and Throat Troubles.

Sweet Gum.

Taylor's Cherokee Remedy of Sweet Gum and Mullein has stood the test of 50 years and is still the best remedy for coughs, colds, whooping cough, sore lungs, hoarseness, la grippe, bronchitis and all throat and lung troubles.

The effect of sweet gum and mullein on the inflamed membranes is well known. It was used by our grandmothers years ago. This remedy soothes at once and cures the worst cold in a few days. Good for old or young. Try it. Druggists, 25c. and 50c. Ask for Taylor's Cherokee Remedy of Sweet Gum and Mullein.

Mullein.

Take no substitute. Manufactured only by **Haltiwanger-Tayloy Drug Co., Atlanta, Ga.** Send for Confederate Veteran's Souvenir Book. Free.

..Theatrical..

Great things are expected of Harry Bulger and his big supporting organization when this popular comedian comes to the Academy next Monday for matinee and night.

In the new edition of "The Flirting Princess" Bulger's present starring vehicle, which is said to be far ahead and away from anything he has yet appeared in, his "Sporty Bangs" is even better, if such were possible, than his "Blue Jay" in "Woodland". It is well remembered that the jolly Harry was exceptionally good in this latter character. However, in the new edition of "The Flirting Princess" every opportunity is given Mr. Bulger to show him at his best and he quite readily grasps the opportunity.

"The Flirting Princess" is from the pen of those versatile authors, Adams, Hough and Howard, and is by far their best effort, especially from a musical standpoint. The piece contains 17 musical gems of a superior quality, which are sure to be whistled and hummed for weeks to come. "My Heart's Bouquet," "Go Back to the Town Where You Were Born," "Cairo", "My Jask O'Lantern," "Tell Her in the Golden Summer," "Never Choose a Girl From Her Photograph," "I've Been Kissed in San Francisco," and "Mr. Moon", are numbered amongst the hits.

Mortimer H. Singer, under whose able direction "The Flirting Princess" is presented, has sent the piece out in a sumptuous and lavish manner, and everything has been done to place it on a scale second to none. Several dancing sensations have been introduced throughout the action of the piece, the "Gloomy Glooms" taken from the clever cartoons of Pawers' "Joys and Glooms", the "Oogie Dance" a weird Chinese pantomimic number introduced by Dale Fuller and Billy Kent, and the present much-talked-of "Egyptian Turkey Trot" are sure to cause as much talk in Wilmington as they have in other places. The costuming and scenery is said to be exceptionally handsome.

Seats for both matinee and night will go on sale at Plummer's Saturday.

Wonderful Moving Picture Offering.

The Academy of Music, in order to give Wilmington theatre-goers an exceptional chance and one abreast of the times, will Saturday make a departure from its usual line. It will then, for matinee and night, present a wonderful moving picture creation—the most wonderful that has as yet made its appearance. It will be the great film, "Twenty Years in Sing Sing", which has created such a sensation, and which is being offered only by the larger playhouses, the film being deemed too great an offering for the moving picture theatres. It really presents a complete melodramatic performance and one that will appeal in thrilling manner to all classes. It consists of three reels and the exhibitions are given with special effects. In fact, the exhibitions are complete in every way and offer the biggest and most novel moving picture attraction of all. One performance will be given Saturday afternoon, commencing at 3 o'clock, while two will be given Saturday night, beginning at 8 and 9:30 o'clock. The admission will be 10 cents for matinee and 10 and 20 cents at night.

The Grand Theatre.

Two important announcements were made at The Grand Theatre yesterday. One was that by special request of many patrons, the Great Passion Play will be presented at the theatre again on Saturday and the other was the bill for today and this evening. The pictures for today will be "The Wife of a Genius", a beautiful and thrilling drama, and "When Memory Calls," the latter a strong dramatic adaption of one of literature's sweetest tales. The wife of a genius is a story of Franz Zubiac, a poor musician, who is discovered in a cheap vaudeville house and is given an engagement at a restaurant after theatre. He becomes the idol of the hour and is finally signed by a big manager for a series of concerts. The musician becomes so absorbed in his profession that he forgets his pretty wife and finally leaves her. While playing at a grand hotel fire breaks out and all but one woman is saved. It proves the wife of Franz who later visits her in the hospital and they are reconciled. The "Memory" picture is a Selig and tells a beautiful story of an old accountant who is given charge of his dead brother's little daughter. The little orphan is the central figure in the play and finally finds a comfortable home among the best surrounding. It is a hunman interest story that will appeal to all.

—Mr. Chas. S. Parnell, a popular young railroad man of Winston-Salem, has accepted a position here with the Atlantic Coast Line and moved his family here yesterday. They will live on North Third street.

Famous "Pint of Cough Syrup" Receipt

No Better Remedy at Any Price. Fully Guaranteed.

Make a plain syrup by mixing one pint of granulated sugar and ½ pint of warm water and stir for two minutes. Put 2½ ounces of pure Pinex (fifty cents' worth) in a pint bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of $2. It never spoils. Take a teaspoonful every one, two or three hours.

The effectiveness of this simple remedy is surprising. It seems to take hold instantly, and will usually stop the most obstinate cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, throat tickle, sore lungs and asthma, and an unequaled remedy for whooping cough and croup.

This recipe for making cough remedy with Pinex and Sugar Syrup (or strained honey) is a prime favorite in thousands of homes in the United States and Canada. The plan has been imitated, though never successfully. If you try it, use only genuine Pinex, which is the most valuable concentrated compound of Norway white pine extract, and is rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this recipe.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

PERSONAL PARAGRAPHS.

—Among the guests at The Orton yesterday were W. C. Addison, Raleigh; P. S. Kornegay, Lumberton; E. G. Mabie, Charlotte.

—Mr. W. D. Huhn, of Burgaw, came down last night and will join the local delegation of fifty Elks who will leave this morning for the State Convention at Newbern.

—Mr. W. D. Martin, of New York, and Mr. A. B. Croom, of the Burgaw Trading Company, of Burgaw, were the guests of Mr. C. C. Covington at the Y. M. C. A. noonday luncheon yesterday.

—Rev. Dr. L. L. Nash, of Hamlet, was in the city yesterday. He was on his way to Warsaw, where he will conduct a meeting next week. His many friends here will be glad to learn that he is in his usual good health.

—Among the guests at The Southern yesterday were C. J. Rodgers, Rose Hill; J. A. Brown and wife, Roseboro; A. G. Holmes, Councils; N. F. Shaw, Clarkton; J. C. Smith, Hope Mills; J. A. Dew, Currie; O. R. Strickland, Burgaw.

LOCAL DOTS.

—Although rumors were current throughout the day as to the possible entrance of another candidate for the House of Representatives and two or three more for County Commissioner, there were no new developments politically yesterday.

—A union prayer meeting will be conducted at Immanuel Presbyterian Church tonight at 8 o'clock in the interest of home missions. Mrs. Geo. C. Worth will be the leader of the service, which will be in charge of the ladies of the congregation. The public is cordially invited to attend.

CUTTER LEAVES FOR NORFOLK

New Clyde Line Steamer Monday—Schooner John W Hall Lost

The revenue cutter Itasca left her station here yesterday morning at 11 o'clock on a cruise that will extend as far as Norfolk, where she goes to lay in a supply of mines to be used in blowing up derelicts and other obstructions to navigation.

The accident which the Clyde Line steamer Navahoe sustained Tuesday, when she collided with the Ocean Steamship Company's steamer City of Savannah near Ambrose Channel lightship, will in no wise interfere with the regular sailings by the Clyde Line between this port and New York and Georgetown. The Navahoe was badly damaged in the collision and Mr. H. G. Smallbones, superintendent for the Clyde Line, said yesterday that another steamer would leave New York Saturday morning, reaching here sometime Monday, and would make the regular run for the Navahoe until it can be repaired.

The news that the schooner John W. Hall was stranded yesterday morning near Ocean City, Md., and was a total loss was received here in marine circles with genuine regret as this vessel was a regular trader at this port and Captain Bennett, the master, has many friends here. Capt. Bennett and crew of six had narrow escapes, their rescue being effected in breeches buoy with great difficulty and danger. The Hall cleared from this port February 25th, for New York with a cargo of 330,000 feet of lumber, consigned by the Wylie-Harker Lumber Co. It was a three-masted schooner of 329 tons burden, built in 1890 at Fredcrica, Del., and was owned by Messrs. John W. Hall & Sons.

In describing the scenes on the steamer City of Savannah when that ship collided with the steamer Navahoe from this port on Tuesday as told in the Associated Press dispatches yesterday morning, a special to the Savannah News, says:

"It was a bit different on the Navahoe. Her skipper refused to talk and the officials of the line would allow no reporters on the pier, but a passenger who decided that he would like a trip on the freighter, said there was a mighty shock as the Navahoe after hitting the City of Savannah scraped along the latter's broken bow, which indented the Navahoe's port side in several places. The passenger was Fred Flake, a civil engineer, who had been surveying in North Carolina and boarded the Navahoe at Wilmington."

MARCHING ON PEKING.

Gen. Sheng Yu Will Attempt to Restore Monarchy.

Peking, Mch. 13.—Gen. Sheng Yu, who, under the Empire, held the post of Governor of the province of Shen Si, is marching at the head of 10,000 troops from the province of Kansu to Peking to restore the Emperor to the throne. The commander of the Emperor's guards at the palace received a message to this effect.

In view of the seriousness of the situation, caused by Gen. Sheng Yun's movement, President Yuan Shi Kai has sent envoys to meet him and explain the present situation.

It would seem that there is no government force present or prospective, capable of terminating the prevalent anarchy. There is little hope among the legations that the coalition government will be successful in ending the mutinous pillaging, which is now sweeping over the North. One minister said today that it must burn itself out like a prairie fire. It is the general belief that order cannot be restored within two years. The breaking up of the country by secessions is considered not merely a possibility.

There are now not less than six hostile armies in the field. These comprise the Northern and Southern armies, which the present disorders show are not agreeable to the forced compromise that their leaders are now negotiating with the Manchu troops, which remain a distinct body apart from the others; the Mongols, who in large bands are fighting the Chinese garrisons in the North; Gen. Sheng Yun's army, composed largely of Mohammedans, and in the province of Yunnan, an army of independents.

Gen. Sheng Yun's exact position is not known, but according to a missionary letter recently received from Sian Fu, his followers are decimating populations and wiping out whole districts. Consular reports from Yunnan state that the independent army is in control of a part of three provinces, and that up to the present it has confined itself largely to outlawry.

The diplomatic representatives in Peking are pessimistic because of the apparent feebleness of the Chinese administrators and disciplinarians.

Sick Women

When shown positive and reliable proof that a certain remedy had cured many cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are five letters from southern women which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

LETTER FROM VIRGINIA.

Elliston, Va.—"I feel it my duty to express my thanks to you and your great medicine. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time.

"Now I owe my health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier. Whenever I see a suffering woman I want to tell her what these medicines have done for me and I will always speak a good word for them."—Mrs. Robert Blankenship, Elliston, Montgomery Co., Va.

LETTER FROM LOUISIANA.

New Orleans, La.—"I was passing through the Change of Life and before I took Lydia E. Pinkham's Vegetable Compound I was troubled with hot flashes, weak and dizzy feelings, backache and irregularities. I would get up in the morning feeling tired out and not fit to do anything.

"Since I have been taking your Compound and Blood Purifier I feel all right. Your medicines are worth their weight in gold."—Mrs. Gaston Blondeau, 1541 Polymnia St., New Orleans, La.

LETTER FROM FLORIDA.

Wauchula, Fla.—"Some time ago I wrote to you giving you my symptoms, headache, backache, bearing-down, and discomfort in walking, caused by female troubles.

"I got two bottles of Lydia E Pinkham's Vegetable Compound and a package of Sanative Wash and that was all I used to make me a well woman.

"I am satisfied that if I had done like a good many women, and had not taken your remedies, I would have been a great sufferer. But I started in time with the right medicine and got well. It did not cost very much either. I feel that you are a friend to all women and I would rather use your remedies than have a doctor."—Mrs. Mattie Hodnot, Box 406, Wauchula, Florida.

LETTER FROM WEST VIRGINIA.

Martinsburg, W. Va.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done wonders for my mother, daughter and myself.

"I have told dozens of people about it and my daughter says that when she hears a girl complaining with cramps, she tells her to take your Compound."—Mrs. Mary A. Hockenberry, 712 N. 3rd St., Martinsburg, W. Va.

ANOTHER LETTER FROM VIRGINIA.

Newport News, Va.—"About five years ago I was troubled with such pains and bloating every month that I would have to go to bed.

"A friend told me to take Lydia E. Pinkham's Vegetable Compound and I soon found relief. The medicine strengthened me in every way and my doctor approved of my taking it.

"I will be glad if my testimony will help some one who is suffering from female weakness."—Mrs. W. J. Blayton, 1029 Hampton Ave., Newport News, Va.

Why don't you try this reliable remedy?

EVERGLADES PROBE

Inquiry Into Integrity of the Agricultural Department

Washington, March 13.—The House Committee on Expenditures in the Department of Agriculture is not concerned with the draining of the Florida everglades, or land values there; its investigation is solely to inquire into the integrity of the Department of Agriculture in connection with the alleged suppression of a report on drainage.

Chairman Moss thus outlined the scope of the inquiry today to Attorney W. H. Ellis, who sought to have witnesses testify to the real worth of the everglades. Mr. Ellis appeared for the internal improvement fund trustees of Florida and Florida land companies.

C. G. Elliott, dismissed by Secretary Wilson as chief drainage engineer, was a witness today. He testified that the Department of Agriculture never was in a position to make a positive report on the plan for draining the everglades. He also declared that he would regard the circular alleged to have been suppressed by Secretary Wilson as unfavorable to the everglades.

Mr. Elliott added that J. O. Wright, now chief drainage engineer of Florida, who was then in his bureau, did not object to the circular until persons selling everglades lands had protested against it.

"You do not attribute to the Secretary of Agriculture or any other official in that department any improper motive in not publishing that bulletin, do you?" asked Representative Higgins.

"No, sir," replied Elliott. "I might have my own opinion, but I do not attribute any improper motive."

"Was the report suppressed because of the vacillating policy of the engineers or because of an improper motive by the secretary?" asked Representative Mays, of Florida.

Both Representatives Higgins and Floyd objected and the question was not answered.

"Did Secretary Wilson ever see the report which your bureau prepared; did he ever approve or endorse it?" asked Representative Sloan.

"Not to my knowledge," said Mr. Elliott.

Mr. Elliott will resume on Friday.

FITZHERBERT NOT EXPELLED.

Republicans Couldn't Secure Necessary Two-Thirds Vote.

Trenton, N. J., Mch. 13.—The New Jersey State Senate late this afternoon voted not to expel Senator Richard Fitzherbert, of Morris county, as a member of that body. The vote was a strictly party one, the 11 Republican Senators voting for expulsion and the seven Democrats voting in the negative. Senators Silzer and Slocum, Democrats, were absent. While there was a majority vote, expulsion failed because the proposition did not receive the two-thirds vote of the Senate required by the constitution.

The action by the Senate permits Senator Fitzherbert to continue in his seat unless the Senate should in some other way, by a majority vote, take adverse action against him. Senator Fitzherbert was charged with negotiating for the payment of money by a gas company for the withdrawal of bills antagonistic to the gas company's interests, which were introduced by the Senator himself at the solicitation of a friend. Dr. Geo. S. Ridner.

San Antonio, March 12.—The Philadelphia American League "Regulars" piled up 17 hits in today's game against the San Antonio, Texas League team and won 12 to 3. Beker's fielding was the feature.

"That Good Old Coffee of Long Ago"

If It Wasn't Good Coffee It Wouldn't Have Lived So Long

Only a coffee of marvelous quality could hold the place of undisputed leader for nearly two hundred years. Yet French Market Coffee is increasing daily in popularity. And it is the same delicious French blend that so delighted Andrew Jackson, Henry Clay and the beauties and gallants who thronged the old French Market in New Orleans centuries ago. *Then* you could get

French Market Coffee

only at the French Market in New Orleans. But NOW you all may serve it daily, *at your own table.* For the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process

and we NOW deliver French Market Coffee everywhere in hermetically-sealed tins. It comes to you fresh from the mill with all its enticing aroma and delicious flavor. "There is only *one* real old French Market flavor"—only *one* coffee with a history.

French Market Mills

(New Orleans Coffee Company, Ltd., Proprietors)
New Orleans, La.

But be sure it is the genuine French Market Coffee

Bad Blood.

Mr. C. J. Christian, of Americus, Ga., had serious blood trouble. Of his experience he writes: "My blood got wrong. Every little scratch made a bad sore. I had little risings or boils on my neck, and used several dollars worth of salves of different kinds without relief, receiving no benefit. Mr. Blanchard of the twice-a-week Press of this city, recommended K. E. B. P. I used two bottles and am well—sores and boils all gone, only a few scars being left on my neck and hands to show how much I suffered. I cheerfully recommend K. E. B. P. to all who are suffering from any kind of pains caused from impure blood."

KETTERER'S Excelsior BLOOD PURIFIER (K. E. B. P.)

is a harmless, vegetable remedy. It contains no minerals or injurious drugs and may be given to a child, or to a person in weak physical condition, without the slightest ill effect.

K. E. B. P. is sold under a guarantee to make good. If it fails you get your money back. But we *know* it will help you. Try it today.

At All Good Druggists

Financial and Commercial

MARKET WAS NOT SO ACTIVE

Cotton Fluctuations Were Nervous and Irregular—Opening Was Steady at Unchanged Prices—Close Lawer.

New York, March 13.—The cotton market was less active today, and fluctuations were nervous and irregular, with the close steady, at a net decline of 3@6 points.

The opening was steady, at unchanged prices to a decline of 3 points, and the market sold about 3 to 5 points net lower, right after the call, under a renewal of yesterday's realizing movement and the better showing of the weather map. Leading bull brokers gave support on this decline, however, and with the cables relatively steady, English labor news much more optimistic, reviews of the local dry goods trade encouraging, and private predictions calling for unsettled weather in the Eastern belt again before the end of the week, the market soon turned steadier. Prices worked up some 8 or 9 points from the lowest, with the old crop selling 2 or 3 points above the closing figures of last night, while later deliveries showed gains of about five points, but the bulls gave no aggressive support on the bulges and the market later turned easier again, under renewed realizing and local selling, with the close at practically the lowest level of the day. The Eastern belt forecast was for continued clear weather tonight and tomorrow, but the outlook was for unsettled weather or rains in the Western secion, which was supposed to suggest the approach of a low area from the Pacific coast, and which probably inspired greater confidence in the bullish predictions of renewed rains east of the Mississippi river. This prospect was said to be the chief factor on the advance from the early decline, and there was no change in the general character of the news in the late trading, when early buyers seemed to be liquidating, owing to the failure of late advices from England to bring any official announcement of a settlement of the English labor troubles and to the failure of demand to broaden on the advance.

Receipts, 20,865 bales, against 27,705 last week, and 8,012 last year. Today's receipts at Galveston, 3,812, against 2,306 last year, at New Orleans, 4,584, against 3,430, and at Houston, 5,573, against 1,117 last year.

Spot closed quiet, 5 points higher; middling uplands, 10.70; middling gulf, 10.95. Sales, 25 bales.

Futures closed steady.

WILMINGTON PEANUT MARKET.

(Quoted by J. S. Funchess & Co.)

Wilmington, March 13.

Market, advancing on North Carolinas; steady on Spanish and Virginias.

North Carolinas—Farmers' stock: Prime hand-picked, 90c. to $1.00; machine-picked, 75c. to 85c.

Spanish—Prime hand-picked, $1.05; machine-picked, $1.00.

Virginia—Prime hand-picked, 80c.; machine-picked, 75c.

PETERSBURG PEANUT MARKET.

(Reported by Rodgers, McCabe & Co.)

Petersburg, Va., March 12.—Spanish—Market, firm, at 92½c. per bushel. Virginias—Market, firm. Fancy Jumbo, 4c. to 4¼c. per lb.; Fancy Hand-Picked, 3¾c. per lb.; Extra Prime, 3⅝c. per lb.; Prime, 3½c.; Machine-Picked, 3c. to 3½c. per lb.; Shelling Stock, 2½c. to 3c. per lb.

THE MONEY MARKET.

New York, March 13.—Money on call, firmer, at 2¼@2½; ruling rate and offered, at 2½; closing bid, 2⅜. Time loans, steady, sixty days, 3 per cent; ninety days, 3¼. Six months, 3½. Prime mercantile paper, 4@4½; Sterling exchange, steady, with actual business in bankers' bills at 4.84 for sixty-day bills, and 4.8725 for demand. Commercial bills, 4.83¼. Bar silver, 58½; Mexican dollars, 47.

DRY GOODS MARKET.

New York, March 13.—Staple prints have been advanced to a basis of 5 cents for American. Other advances made during the day were 2 1-3 per cent. on American flannels, and ½ cent a yard on cambrics. The cotton goods markets rule strong and active. Jobbers and retailers report an improving trade. Worsted yarns are held firm. Knit goods show a steady improvement in demand.

GREAT ACTIVITY IN STOCKS

The Market Derived a Great Deal of Strength From Foreign Advices. Prospects for Strike Settlements.

New York, March 13.—To the casual observer today's stock market seemed to derive a great deal of its early activity and strength from abroad. The English market sent over a decidedly higher list of prices for our securities and followed this with considerable buying here. The improvement in British sentiment seemed to have its foundation largely in the belief that the crisis in the coal strike is passing.

American Sugar advanced four points, and International Harrester three. Concerning the former, the company made a radical departure from its custom by publishing a detailed statement of its operations for 1911. This exhibit showed profits exceeding $14,000,000, compared with $6,000,000 in the preceding year. Officials of the company also expressed optimism regarding the outcome of the government suit now pending. As for International Harvester it is now believed to be a foregone conclusion that the company has arrived at an understanding with the government and that dissolution proceedings will involve no pecuniary damage to shareholders. Early gains in American Telephone & Telegraph and Western Union were partly checked on publication of estimated earnings of the latter for the first quarter of the current year, which indicate a falling off, compared with the past three years, and make prospects of an increase in the dividend more doubtful. Conditions in the domestic labor situation were bettered by the acceptance by the Lawrence mill workers of the terms offered by the employers. This was partly nullified by the formal reply of the anthracite coal owners to the miners, which, while conciliatory in tone, constituted a general refusal of all demands. It had the effect of giving pause to the market in the last hour, which was quite the dullest of the season and was marked by such contrary movements as a rise of four points in Central Leather, preferred, and a fall of seven in American Tobacco. Final dealings reflected weakness in the speculative leaders, United States Steel and Union Pacific losing much of their advance, while Reading and Lehigh Valley closed unchanged. Harvester and other specialties also fell off from best prices.

Another side light of the existing conditions in the Steel trade and their effect upon independent concerns was furnished by the Sloss-Sheffield Company, which showed a decrease of almost $500,000 in gross for its fiscal year, and suffered a deficit of $65,000 after payment of preferred dividends.

Bonds were active, with few price changes. Total sales, par value, aggregated $2,369,000. United States government were unchanged on call. Total sales for the day, 370,000 shares.

fe29 to mh27

To the Democratic Voters of New Hanover County.

I beg to announce that I shall be a candidate for the office of County Treasurer at the Primary to be held on the 27th of March next. I shall be very grateful for your support, and thanking my friends for their past favors, it will be my very earnest endeavor to fulfill the duties of the office to my very best ability.
to mch 27. H. McL. GREEN.

ANNOUNCEMENTS

ANNOUNCEMENT!

At the solicitation of friends and after due consideration, I hereby announce myself a candidate for the office of Recorder of New Hanover county, subject to the will of the people to be expressed in the Democratic primaries to be held on March 27th. I am the candidate of no clique or faction and, if elected, I shall endeavor to serve the whole people to the very best of my ability.
W. P. MANGUM TURNER.
ma 13-to-ma-27.

For County Commissioner

We, the undersigned citizens, believing that Mr. W. A. Meuirt will make the people at large of New Hanover County, a conservative, yet progressive and efficient public official, take pleasure in recommending him to the voters of the county for their support in the Primary of March 27th, 1912, for one of their County Commissioners:

C. H. ALEXANDER,
E. L. MATHEWS,
L. W. MOORE,
L. B. ROGERS,
G. J. BONEY,
R. F. WARREN,
W. W. KOCH,
J. F. BAGGETT,
E. A. HERBST.
mh10 to 28

FOR COUNTY COMMISSIONER

I hereby announce myself a candidate for County Commissioner, subject to the will of the people to be expressed in the Democratic primary, March 27th, 1912.

I will appreciate any support that may be given me and promise, if elected, that I will serve the people of the county to the best of my ability.
WALTER E. YOPP.
ma 3-till-ma-25.

To the Democratic Voters of New Hanover County.

I hereby announce myself a candidate for the office of County Treasurer, subject to the will of the people, to be expressed in the Democratic Primary, on March 27th, 1912. I will appreciate any support that may be given me. I have not been trought into the campaign by any clique or ring, but by a desire for the office, believing that the public offices of the county do not belong to any one set of officers for an indefinite length of time.

I promise, if elected, to give you the best of service.
JOHN A. ORRELL.
fe 27 to Mch 27.

ANNOUNCEMENT.

At the approaching Democratic primary, I will be a candidate for the nomination of Senator from the Eleventh Senatorial District of North Carolina, and hereby agree to abide by the results of said primary.

I ask for and will greatly appreciate the support of my fellow Democratic voters. Respectfully,
MARSDEN BELLAMY.
fe25 to mar27

ANNOUNCEMENT.

At the primary to be held on the 27th day of March, I will be a candidate for the nomination of Clerk of the Superior Court and hereby pledge myself to abide by the result of the said primary.

I will greatly appreciate the support of my fellow Democrats.

Respectfully,
WILLIAM N. HARRISS.
mh9 to 28*

FOR SENATOR.

To the Voters of New Hanover County:

I hereby announce my candidacy, subject to the will of the people, to be expressed in the Democratic Primary, on March 27th, 1912, for the nomination of Senator from the Eleventh Senatorial District of North Carolina.

If nominated and elected I will serve the interests of the people of this district with the same diligence, application and thought as I have used, and do now employ, in the conduct and promotion of my own business. Respectfully yours,
to mch 27. W. B. COOPER.

TO THE DEMOCRATIC VOTERS.

Subject to your will, to be expressed at the polls in the primary March 27th, 1912, I announce myself a candidate for re-nomination to the Office of Register of Deeds. I am grateful for past favors and will deeply appreciate your further support, promising, if elected, to make faithful returns in duty well performed.
Yours,
fe 18-tf. JOHN HAAR.

To Democratic Voters.

I announce myself for re-nomination to the office of Sheriff at the primary to be held March 27th, 1912. I will greatly appreciate the support of my fellow Democrats and if again honored will render the same faithful service in future as I have in the past, and which my record will show.

Respectfully,
fe 18-tf. S. P. COWAN.

BIG COAL STRIKE SEEMS PROBABLE

(Continued from Page One.)
crease in the cost of producing anthracite coal in recent years has reduced the margin of profit to a point beyond which further reduction is impossible, the reply declares.

After urging the adoption of the counter-proposition, the reply concludes with the statement that, "we feel that we cannot be parties to the termination of an arrangement which has made the anthracite region, for all interests involved, one of the most prosperous industrial districts in the country. We trust that your demands will be withdrawn. The responsibility for a change in the present satisfactory condition of affairs must rest with you."

Coal Prices Soaring

Pittsburgh, March 13. — Railroads and manufacturing companies, in anticipation of a supension of mining operations in the bitiminous coal district of Western Pennsylvania, Eastern Ohio and West Virginia, April 1st, when the existing agreement with the United Mine Workers of America will expire, are gathering vast stores of coal. Mines are being worked to capacity, and coal is being hauled to convenient points in such quantities as to create a car shortage, which further aggravates the situation.

In consequence of the demand, prices are soaring, and run of mine, which early in the week, sold at $1.50 a ton at the mine, today brougnt $1.75, with no promise of immediate delivery. It is stated that some coal has been sold in the West Virginia districts for $2 a ton, an unprecedented price.

The Strike in Germany.

Berlin, Mch. 13.—The coal miners' strike in the great German coal fields of Westphalia continues to spread. There are over 240,000 men now on strike and the situation is becoming worse everywhere. It has taken a most serious turn in several districts and has resulted already in a fatal conflict between the police and the strikers in the district of Herne. The feeling among the men is increasing in intensity, owing to the rigid repressive measures of the authorities, and it is officially reported here this evening that troops will be called out if the police prove inadequate to deal with the situation. The cavalry regiments stationed at Duzzledorf, Krefeld and elsewhere are held in readiness for orders.

The mine owners and leaders of the Christian Trade Unions, whose members are rapidly breaking away and joining in the strike, which was brought about by the Socialist trade unions, evidently influenced by a feeling of solidarity or fearing an attack by the strikers, are clamoring for military assistance. Thus far, however, the government has not given it, but instead is sending all possible reinforcements of police to the strike region to preserve order.

The most serious of the disturbances occurred at Herne, a mining village five miles from Bochum, where strikers threw stones and fired revolvers at a detachment of armed police marching to the mine, where they had been ordered to protect the non strikers. The police replied to the attack with their revolvers and one of the strikers was killed.

At Hambern, in the district of Dusseldorf, where yesterday fighting occurred between the strikers and the police and a number of persons were injured, large reinforcements of police have arrived. The strikers, however, show no signs of being intimidated. They repeatedly bombard the police escorting the non-strikers with bottles and stones thrown from the upper windows of the houses. Numerous arrests have been made.

Conditions are tending more and more toward a strike among the miners in Lorraine, Saxony and Silesia, where the men are all pressing their demands for a 15 per cent. increase in their wages and for shorter hours.

The answers of the mine owners, including the Prussian State, which runs its own mines, to the demands of the unions in other German coal fields, take the same stand as the owners in Westphalia, declaring that financial conditions do not permit the granting of the full increases of wages and the other demands of the miners, so that strikes also are impending there.

Coal shipments are falling off everywhere. Only 12,000 car loads were sent off by rail yesterday from Essen, where the usual daily average is 30,000 car loads.

A coal famine is reported from Cassal.

WITH THE BIG LEAGUERS.

Cubs Defeated---Muddy Grounds at Atlanta—Field Day.

New Orleans, Mch. 13.—The New Orleans Southern League Club defeated the Chicago Nationals here today 5 to 1. Chicago's only run was scored on a double steal, Rightfielder Gould reaching home while Orr was taking second.

Atlanta, Mch. 13.—Muddy grounds prevented regular practice at Ponce de Leon park today, but both the Atlanta players and the New York Americans were given light work. The first game of the season is scheduled to be played next Saturday.

Hot Springs, Ark., Mch. 13.—This was field day for the major league clubs in training here.

Jake Stahl lined up his Boston Americans in a hot game this afternoon in which he set the pace at bat with a home run and two singles.

The Brooklyn Nationals won from the second team in a game in which all the players showed enthusiasm.

The Philadelphia Nationals boast the first triple play of the season in their game this afternoon.

Announcement was made here today that President Dreyfuss and the Pittsburg team would arrive this week with 42 players.

LOBBYISTS AT WORK

Their Presence Failed to Secure Waterpower Bill's Passage

Washington, March 13. — After charges had been made that a powerful lobby was at work to procure the adoption of the bill, the House today defeated, 98 to 27, a measure permitting the Hydro-Electric Company, a waterpower corporation, to lay a pipe line across part of the Mono National Forest Reservation in California. Those opposed to the bill declared it affected the laws governing the National domain and would result in virtually nullifying them. The "waterpower trust," it was charged, was behind the legislation.

Minority leader Mann, Representative Lever, of South Carolina; James, of Kentucky, and Lenroot, of Wisconsin, and Cooper, of Michigan, were among those who openly declared that they had been victims of the work of a "lobby." Representative Mann said that he had been inundated by letters and telegrams and annoyed by high priced lawyers in an effort to influence him. Mr. Lever displayed a telegram from a firm in his State asking him to withdraw his opposition to the bill. The cost of the telegram, he said, was $40.

"The people behind the bill," said Mr. Mann, "have spent thousands upon thousands of dollars in lobbying and in trying to induce this House to break down the law that keeps government property in the keeping of the government. Such actions as we have seen ought to condemn the measure under consideration."

The bill, which was introduced by Representative Raker early in the present Congress, had been fought bitterly.

Representative C. B. Smith, of New York, contended that "lobbyists were as thick as blackberries," and introduced a bill to compel "every counsel or agent" of corporations, firms or individuals seeking Congressional legislation to register with both Houses of Congress on December 1st of each year, with a heavy fine and imprisonment as penalty for failure to comply. His bill would compel corporations and others who employ lobbyists to file with the Senate and House two months after the close of each season of Congress a detailed statement of expenses of their respective lobbies.

CASES CONSOLIDATED.

Judge Rules That Dynamiters Must be Tried Together.

Indianapolis, Ind., Mch. 13.—All the defendants indicted for violation of Federal statutes governing transportation of explosives must go to trial in one case on October 1st, according to the final ruling of Judge A. B. Anderson today, after he had heard argument of attorneys for the defense on a motion for separate trials.

In the consolidation of the cases, the indictments against 54 men, are merged in one with 128 counts, 28 of which charge conspiracy to violate the statutes forbidding carrying dynamite and nitroglycerine on passenger trains and 100 of which charge direct violation by the defendants, both as abettors of and principals with Ortie E. McManigal, John J. and James B. McNamara and Herbert S. Hockin.

Forty-six of the defendants, present or former officials of labor unions in many cities, alleged to have been implicated in a dynamiting campaign against the "open shop" in the structural industry, were in court, and their bonds were continued. Of the remaining eight men indicted, the McNamara brothers are in prison in California and McManigal is in jail in Los Angeles. Five are under indictment and bond in California for the same offenses charged in the indictments returned by the Federal grand jury of this district.

OKLAHOMA FOR TEDDY.

Roosevelt Forces Will Probably Secure Entire Delegation.

Guthrie, Okla., Mch. 13.—With many Taft supporters frankly admitting that tomorrow's State convention will show a strong majority for Theodore Roosevelt and the Roosevelt forces declaring they will send a solid Roosevelt delegation of 10 to the National convention in Chicago, the Taft men, led by James A. Harris, State chairman, declare they are prepared to fight "to the last ditch."

A request by Federal Judge John R. Cotteral that Charles E. Hunter resign as Federal district clerk here, because of alleged activity in politics, and Hunter's reply that Cotteral would have to "fire" him, has created considerable stir in political circles. Hunter is president of the National Rough Riders' Association.

The Congressional district convention which met here today, endorsed Roosevelt and passed resolutions favoring Presidential preference primaries. George M. Dizeny, of Bellings, and Daniel Norton, of Chandler, were named as Roosevelt delegates.

WASHINGTON TEAM DEFEATED

University of Virginia Wins Game by Score of 5 to 3

Charlottesville, Va., March 13.—The Washington team, in training quarters here, was today defeated 5 to 3 by the University of Virginia. It was the big team's first day in the open.

Score—

Washington..	7	1—3
Virginia....	7	0—5

Batteries: Cashion, Allen, Walker and Henry and Ainsmith; Goodhue, Rixey and Finlay.

Nineteen Miles a Second

without a jar, shock or disturbance, is the awful speed of our earth through space. We wonder at such ease of nature's movement, and so do those who take Dr. King's New Life Pills. No griping, no distress, just thorough work that brings good health and fine feelings. 25 cents at Robt. R. Bellamy's.

AMEND NEUTRALITY LAW.

Arms Cannot be Shipped Into Pan-American Countries.

Washington, March 13.—Revolutions, filibustering expeditions or the promotion of domestic violence in any country in Pan-America hereafter may not hope for war supplies of any description from the United States. This principle, proclaimed today in a concurrent resolution, adopted by the Senate at the instance of President Taft, is practically certain to be passed by the House tomorrow.

Though aimed primarily to meet the inadequacies of the present neutrality laws to which the Mexican government called the President's attention, the resolution when put into effect will empower President Taft to prohibit at his discretion, through the issuance of a proclamation, the exportation of munitions of war to any country with which the United States is at peace.

Anticipating summary action by the House tomorrow, where Representative Burleson, of Texas, will take charge of the measure, Treasury Department and War Department officials tonight issued instructions virtually halting all shipments of arms into Mexico until the resolution is declared effective.

Loopholes for the violation of neutrality laws, admittedly are many, and professional promoters of revolutions in Latin-America, through varying devices, have succeeded in evading the statutes. To eradicate this, the President told members of the Senate Foreign Relations Committee and the Texas Congressional delegation early today that he required discretionary authority to rule upon individual cases, or it would be difficult to maintain peace hereafter in Pan-America.

Senator Root immediately framed a resolution to give to the President comprehensive power and unanimously the Senate passed the measure. To the Mexican rebels, who captured Juarez recently, with the sole purpose of possessing a port of entry through which they might import arms unrestrictedly, the resolution will prove a stubborn obstacle. Today's action is a departure from the policy of the United States during the Madero revolution, when ports of entry held by the rebels received arms and ammunition, if regularly consigned to merchants.

Senator Root used but one argument in favor of breaking the precedent, however; that thousands of Americans in Mexico were fleeing from their homes there imperilled by the very arms which had been shipped into that country by Americans.

Major Gen. Wood, chief of staff of the army, declared tonight that probably a larger border patrol would be required to enforce the letter of the new measure. The Department of Justive will exercise close scrutiny upon all exports of arms from this country and it is believed unlawful shipments will be taken hereafter at points of origin.

MAHLON PITNEY CONFIRMED.

Nomination Accepted by the Senate by Vote of 50 to 26.

Washington, Mch. 13.—Mahlon Pitney, chancellor of the State of New Jersey, President Taft's nominee to succeed the late Justice Harlan on the Supreme Court bench, was finally confirmed today by the Senate by a vote of 50 to 26. Justice Pitney will come to Washington Monday.

These Republican Senators voted against Mr. Pitney's confirmation: Bourne, Bristow, Kenyon, Cummins and Poindexter.

These Democrats voted against him: Bacon, Bryan, Chamberlain, Culberson, Gardner, Gore, Hitchcock, Johnson, Kern, Lea, Myers, Newlands, O'Gorman, Pomerene, Rayner, Reed, Shiveley, Smith, of Georgia; Smith of South Carolina; Taylor and Williams.

The Senate's consideration of Justice Pitney was in the fourth executive session it has had on his nomination, and the vigorous fight against him, because of his decision in a glass blowers' strike case did not abate until the last moment. The session lasted two hours.

Senator Reed, who has been prominent in the fight against the jurist's confirmation, declared that former Senator Murphy, of New Jersey, was one of those backing the nomination. He assailed Mr. Murphy severely and charged that Justice Pitney had been enforced by two members of counsel for the Steel Corporation.

Senator Briggs challenged Senator Reed to divulge the source of his information, but he declined to do so.

Justice Pitney's commission was signed as soon as the Senate had confirmed him.

WRECK ON SANTA FE

Three Dead, Five Missing and A Score Injured

Albuquerque, N. M., March 13.—Three are dead, five missing and a score or more injured as a result of a rear-end collision this afternoon between a westbound extra freight and a work train on the Santa Fe coast lines at McCartneys, N. M., 60 miles west of here. The five laborers who are missing are believed to be buried in the wreckage.

The wreck occurred on a sharp curve in a blinding snow storm, which obscured the view of the engineer of the extra freight train. The work train was standing on the main line. The dead and injured numbering 20 were briught here tonight.

Repels Attack of Death

"Five years ago two doctors told me I had only two years to live." This startlling statement was made by Stillman Green, Malachite, Col. "They told me I would die with consumption. It was up to me then to try the best lung medicine and I began to use Dr King's New Discovery. It was well I did, for today I am working and believe I owe my life to this great throat and lung cure that has cheated the grave of another victim." It's folly to suffer with coughs, colds or other throat and lung troubles now. Take the cure that's safest. Price 50 cents and $1. Trial bottles free at Robt. R. Bellamy's.

MARCH BREEZES

We have made special preparation to make March the breeziest, busiest, best month of the year.

On the going out of business of the Globe House Furniture Co., the largest manufacturers in High Point, we stepped to the front with the cash. We have nearly two solid car loads of their goods in Dressers, Wash Stands, Beds, Chiffoniers, Buffets and Sideboards, all quartered oak which we can sell at the price the factory formerly sold at.

Chairs, Rockers, Morris Chairs.

We recently bought and brought to the city one and a half solid car loads of the dropped patterns from Heywood Bros. & Wakefield Co., Baltimore. These are the largest manufacturers of chairs in the world. Every piece of their goods bears their mark, which is a guarantee of quality. These are to be sold at and below manufacturers' wholesale price.

Iron Beds.

Yes! From the Simmons Manufacturing Co., the largest makers of Iron Beds in America. The patterns are good, only dropped because they had too many patterns. Will be sold at and below the regular wholesale price at the factory.

Rugs and Art Squares.

Bright, nobby, attractive goods in Brussells, Velvets, Colonial and Wilton Velvets and Axminsters, floral and Orientals from the looms of Alex. Smith & Sons, not dropped because bad patterns, but only for a change. These to go for less than wholesale prices.

This proves what money and buying tact are worth to a business.

Wilmington Furniture Co.
